Citizenship Policies For An Age Of Migration:

Citizenship Policies for an Age of Migration T. Alexander Aleinikoff, 2011-12 Many liberal democracies facing high levels of immigration are rethinking their citizenship policies In this book a group of international experts discuss various ways liberal states should fashion their policies to better accommodate newcomers They offer detailed recommendations on issues of acquisition of citizenship dual nationality and the political social and economic rights of immigrants Contributors include Patrick Weil University of Paris Sorbonne David A Martin University of Virginia School of Law Rainer Baub ck Austrian Academy of Sciences and Michael Fix Urban Institute

Citizenship Policies for an Age of Migration Thomas Alexander Aleinikoff, Douglas B. Klusmeyer, 2002

The Political Implications of Scientific Knowledge. EU Funded Policy Research and Immigration Policies in Italy Marco Boschele, 2020-03-09 The work endeavours to assess the impact of EU funded research on both social science policy research and the policy making process at national level Attempts in the past to include the social sciences in the decision making process have raised questions about the validity of scientific knowledge in terms of its objectivity and in terms of its legitimizing element The starting point of this investigation therefore is the relationship between research and policy making Subsequently it considers the development of social science research in the field of immigration At EU level it analyses the changes in the dynamics of migration and how the EU research Framework Programmes have responded At national level it seeks to place the concept of citizenship and nationality law within the tradition of the social sciences in Italy and to understand how social science research has contributed to the development of policies The investigation also analyses the research policy approach at institutional level in Italy and the involvement of Italian universities and organizations in the FP6 and FP7 to determine if there takes place an internationalization Europeanization of social science research on immigration and or the construction of a non national discourse There is a formation of a discourse in the field of immigration research which follows the Commission directives but due to the Italian policy making process closed to academic and experts influence this discourse does not permeate the process of immigration policies making

Citizenship and Immigration Christian Joppke, 2013-05-06 This incisive book provides a succinct overview of the new academic field of citizenship and immigration as well as presenting a fresh and original argument about changing citizenship in our contemporary human rights era Instead of being nationally resilient or in postnational decline citizenship in Western states has continued to evolve converging on a liberal model of inclusive citizenship with diminished rights implications and increasingly universalistic identities This convergence is demonstrated through a sustained comparison of developments in North America Western Europe and Australia Topics covered in the book include recent trends in nationality laws what ethnic diversity does to the welfare state the decline of multiculturalism accompanied by the continuing rise of antidiscrimination policies and the new state campaigns to upgrade citizenship in the post 2001 period Sophisticated and informative and written in a lively and accessible style this book will appeal to upper

level students and scholars in sociology political science and immigration and citizenship studies The Oxford Handbook of Citizenship Ayelet Shachar, Rainer Bauboeck, Irene Bloemraad, Maarten Vink, 2017-08-03 Contrary to predictions that it would become increasingly redundant in a globalizing world citizenship is back with a vengeance The Oxford Handbook of Citizenship brings together leading experts in law philosophy political science economics sociology and geography to provide a multidisciplinary comparative discussion of different dimensions of citizenship as legal status and political membership as rights and obligations as identity and belonging as civic virtues and practices of engagement and as a discourse of political and social equality or responsibility for a common good The contributors engage with some of the oldest normative and substantive quandaries in the literature dilemmas that have renewed salience in today's political climate As well as setting an agenda for future theoretical and empirical explorations this Handbook explores the state of citizenship today in an accessible and engaging manner that will appeal to a wide academic and non academic audience Chapters highlight variations in citizenship regimes practiced in different countries from immigrant states to non western contexts from settler societies to newly independent states attentive to both migrants and those who never cross an international border Topics include the selling of citizenship multilevel citizenship in between statuses citizenship laws post colonial citizenship the impact of technological change on citizenship and other cutting edge issues This Handbook is the major reference work for those engaged with citizenship from a legal political and cultural perspective Written by the most knowledgeable senior and emerging scholars in their fields this comprehensive volume offers state of the art analyses of the main challenges and prospects of citizenship in today's world of increased migration and globalization Special emphasis is put on the question of whether inclusive and egalitarian citizenship can provide political legitimacy in a turbulent world of exploding social inequality and resurgent populism **The Politics of Citizenship in Europe** Marc Morjé Howard, 2009-09-07 In this book Howard addresses immigrant integration one of the most critical challenges facing European countries the resolution of which will in large part depend on how foreigners can become citizens Howard's research shows that despite remarkable convergence in their economic judicial and social policies the countries of the European Union still maintain very different definitions of citizenship Based on an innovative measure of national citizenship policies the book accounts for both historical variation and contemporary change Howard's historical explanation highlights the legacies of colonialism and early democratization which unintentionally created relatively inclusive citizenship regimes Howard's argument focuses on the politics of citizenship showing in particular how anti immigrant public opinion when activated politically usually by far right movements or public referenda can block the liberalizing tendencies of political elites Overall the book shows the far reaching implications of this growing and volatile issue A Companion to European Union Law and International Law Dennis Patterson, Anna Södersten, 2016-05-02 Featuring contributions from renowned scholars A Companion to European Union Law and International Law presents a comprehensive and authoritative collection of essays that addresses all of the

most important topics on European Union and international law Integrates the fields of European Union law and international law revealing both the similarities and differences Features contributions from renowned scholars in the fields of EU law and international law Covers a broad range of topical issues including trade institutional decision making the European Court of Justice democracy human rights criminal law the EMU and many others Immigration and Membership Politics in Western Europe Sara Wallace Goodman, 2014-10-16 This book examines why Western European states have recently introduced citizenship tests integration courses contracts and oath ceremonies These requirements are perceived as instruments of civic integration to enable immigrants to be better participants in society and the labor market However are all states introducing these requirements for the same reason Plurality and Citizenship in Israel Dan Avnon, Yotam Benziman, 2009-12-17 This book focuses on the Jewish Palestinian conflict within the state of Israel and the general issue of the role played by modern states in either mitigating majority minority conflict or exacerbating it A comparative study the chapters that concentrate on theoretical models and comparable historical legal or political patterns of development

Immigrants as 'New' Precariats in the Korean Immigration Policy Regime Sook-Yeon Won, 2024-11-25 Won explores the untold story of immigration in South Korea through a new precariat lens Unlike traditional narratives this book sheds light on the complexities of Korea's evolving immigration landscape offering readers a fresh multidimensional perspective While its primary focus is on Korea the text covers other countries such as Japan the United States Germany Australia and Canada Coupled with a triadic focus it provides a comparative analysis between Western and Asian countries offering insights into shared experiences and unique nuances shaping immigration realities It uncovers private realms exploring the challenges faced by immigrants particularly marriage migrant women and its gendered dynamics It also blends theories from various disciplines with rich empirical data giving readers a comprehensive understanding of the profound implications surrounding international immigration and immigrants experiences not only in the Korean immigration regime but also in various types of immigration regimes A unique read for academics undergraduates and postgraduates in the fields of Asian studies public administration immigration political science sociology and comparative policy studies
