Climate Change Culture And Economics Anthropological Investigations Research In Economic Anthropology:

Climate Change, Culture, and Economics Donald C. Wood, 2015-09-22 It is becoming increasingly difficult to deny that human activity is a factor in global climate change This special volume of REA facilitates readers to better understand the ways in which people around the world have adapted or failed to adapt culturally to changing economic conditions caused by climate change

The Economics of Ecology, Exchange, and Adaptation Donald C. Wood, 2016-09-08 This book consists of three sections The first concentrating on ecology further explores the theme of climate change The second section focuses on exchange transactions and relations in a variety of situations and settings Finally papers in the third section share a concern with individual and group adaptations to certain conditions of life

Anthropology and Climate Change Susan A. Crate, Mark Nuttall, 2023-11-30 In this third edition of *Anthropology and Climate Change* Susan Crate and Mark Nuttall offer a collection of chapters that examine how anthropologists work on climate change issues with their collaborators both in academic research and practicing contexts and discuss new developments in contributions to policy and adaptation at different scales Building on the first edition's pioneering focus on anthropology's burgeoning contribution to climate change research policy and action as well as the second edition's focus on transformations and new directions for anthropological work on climate change this new edition reveals the extent to which anthropologists' contributions are considered to be critical by climate scientists policymakers affected communities and other rights holders Drawing on a range of ethnographic and policy issues this book highlights the work of anthropologists in the full range of contexts as scholars educators and practitioners from academic institutions to government bodies international science agencies and foundations working in interdisciplinary research teams and with community research partners The contributions to this new edition showcase important new academic research as well as applied and practicing approaches They emphasize human agency in the archaeological record the rapid development in the last decade of community based and community driven research and disaster research provide rich ethnographic insight into worldmaking practices interventions and collaborations and discuss how and in what ways anthropologists work in policy areas and engage with regional and global assessments This new edition is essential for established scholars and for students in anthropology and a range of other disciplines including environmental studies as well as for practitioners who engage with anthropological studies of climate change in their work

Anthropologies of Value Luis Fernando Angosto-Ferrandez, Geir Henning Presterudstuen, 2016-08-20 *Anthropologies of Value* analyses the creation of value in a wide range of political and cultural contexts This edited collection includes anthropological case studies from around the globe from the commodification of a Venezuelan waterfall to the relative value of penguins in periods of imperialist expansion Questioning the validity of binary oppositions such as north south core periphery and west the rest as the basis of generalisations about culturally mediated engagements with capitalism this collection leaves no stone unturned in its search to understand and define anthropological value theory It provides much

needed controversial new material for students of anthropology and proposes an alternative rarely discussed method of studying the world system which challenges mainstream existing work in the field

Native Peoples, Politics, and Society in Contemporary Paraguay Barbara A. Ganson, 2021-06 This unique collection of multidisciplinary essays explores recent developments in Paraguay over the course of the last thirty years since General Alfredo Stroessner fell from power in 1989 Stroessner's strong authoritarian legacy continues to exert an impact on Paraguay's political culture today where the conservative Colorado Party continues to dominate much of the political landscape in spite of the country having transitioned into a modern democracy The essays in *Native Peoples Politics and Society in Contemporary Paraguay* provide new understandings of how Paraguay has become more integrated into the regional economy and societies of Latin America and changed in unexpected ways The scholarship examines how the political change impacted Paraguayans especially its indigenous population and how the country adapted as it emerged from authoritarian traditions Each contribution is exemplary in the scope and depth of its understanding of Paraguay especially its indigenous peoples politics women's rights economy and natural environment

Anthropological Considerations of Production, Exchange, Vending and Tourism Donald C. Wood, 2017-08-25 Volume 37 of REA features eleven original articles organized in four different sections each focusing on a specific popular and significant theme in economic anthropology production exchange vending and tourism

The Politics and Ethics of the Just Price Peter Luetchford, Giovanni Orlando, 2019-06-19 Comprising eight case studies from around the world this volume investigates the social political and ethical implications of markets through the specific lens of prices Drawing on the most recent scholarship in economic anthropology it represents the first systematic attempt to address ethnographically the ancient debate on the just price

Disasters Kathleen Tierney, 2019-05-20 Disasters kill maim and generate increasingly large economic losses But they do not wreak their damage equally across populations and every disaster has social dimensions at its very core This important book sheds light on the social conditions and on the global national and local processes that produce disasters Topics covered include the social roots of disaster vulnerability exposure to natural hazards such as hurricanes and tsunamis as a form of environmental injustice and emerging threats Written by a leading expert in the field this book provides the necessary frameworks for understanding hazards and disasters exploring the contributions of very different social science fields to disaster research and showing how these ideas have evolved over time Bringing the social aspects of recent devastating disasters to the forefront Tierney discusses the challenges of conducting research in the aftermath of disasters and critiques the concept of disaster resilience which has come to be seen as a key to disaster risk reduction Peppered with case studies research examples and insights from very different disciplines this rich introduction is an invaluable resource to students and scholars interested in the social nature of disasters and their relation to broader social forces

Anthropological Enquiries Into Policy, Debt, Business And Capitalism Donald C. Wood, 2020-06-09 This volume explores current issues in national and international policy business and capitalism and

economic theory and behavior specifically pertaining to Brazil The underlying theme running through the collection is the steady encroachment of neoliberalism into economic policy and practice and the impact this has had on everyday ways of life
