Trusting in Spirit—The Challenge Dr. Bob Woodward,2018-04-17 In this unique book Spirit Guides are invited to communicate to us teachings which they consider relevant and important at this time However the author also questions and challenges what the Guides have to say instead of just acquiescing to their messages The book is intended to help awaken people to the reality that they each have Spirit Guides who are more than willing to be of help and service to them However since they always respect our free will they depend on us taking the initiative to get to know them This is precisely the challenge of learning to trust in Spirit and in our own potential abilities I can honestly say that when I read the manuscript I was amazed at its power to inspire and heal As you read this book your spirit guide will be close and help you understand the teachings that are relevant to you Anne Lewis Spiritual Medium and Healer You are only limited in your abilities by your own set beliefs and expectations If your beliefs grow and widen then so do your abilities to contact beings on all different levels Philip The Angel
