Conquering The American Dream How To Get Your Own Home:

America is My Home Sonia Noelia Mendoza,2007 The Physician's Guide to Investing Robert M. Doroghazi,Dan Wright French,2007-11-03 I met Bob Doroghazi when he dropped the first draft of his manuscript of The Physician s Guide to Investing A Practical Approach to Building Wealth at my office I will have to admit I was a bit skeptical a physician writing a book on investments During that first meeting with Bob it became evident that he had been a successful physician and a successful investor so I agreed to take a look at the book I was in for a pleasant surprise Bob s manuscript was easy to read and had specific advice useful to physicians interspersed with lots of practical tidbits for any investor Having written three college level finance and investment texts I was excited to be in on a project aimed at offering practical investment advice to a more general yet specialized audience I had high expectations for the book and am pleased to say that I believe Bob has delivered a book that every physician interested in building wealth and protecting assets should read Bob is a straight shooter he tells it like he sees it in his book Some doctors might be indignant on reading his statements such as Physicians sometimes have no idea of their limitations This type of arrogance and ego can result in investing disaster However if you do have these limitations and most professionals even college professors do then reading Bob s book will help you recognize situations in which they can lead to poor investment decisions Dollarwise...\$AVING \$Mart Joan Foley Adducci,2019-08-27 This book will help you be determined to save to spend less to stretch to use the hints that follow and then to start developing your own ideas You will not only succeed in lowering your cost of living but you will also start a new adventure and contribute to conservation in the process Quite the opposite of being dreary meeting the challenge of living on less can provide enormous satisfaction an unexpected bonus Few of us will ever meet and conquer momentous challenges Few will ever stop a bank robbery shoot the rapids of the Amazon or climb Mount Everest But the determined can gain their own kind of satisfaction by conquering challenges that chop away at ever declining purchase power A Fijian at Heart Veena Rathi,2011-01-17 Rugby with the stunning Fiji team not only gave me the opportunity to experience diversity in the highest form but inspired me to share my experiences living in Fiji a paradise and well known tourist destination once known as the way the world should be also sharing my experiences living in the USA the most prosperous powerful nation on Earth while having a blast in one of the most vibrant cities of the world Las Vegas Growing up as a child on a copra plantations owned by part European families I lived a fun and exciting life with some challenges and was influenced by the European culture and their language and religion A year at high school in an Indian dominated society saw me struggling to adapt to this environment attending high school with students mainly ancestors of the indentured laborers who were very competitive which made me strive for higher standards through discipline My personality allowed me to connect with people easily and the opportunity to take part in a carnival gave me exposure not only to be in the public eye but to enhance my leadership skills and to meet with prominent people including the governor general of Fiji Ratu Sir Penaia Ganilau who later became the

president of the country Anthony Robbins the world known motivator and owner of the exclusive Namale plantation resort who I met personally inspired me to improve the quality of my communication through his book unlimited power which helped me to deal with many sensitive issues like depression death and suicide and gave me the power to be a great leader by having a great bonding power that helped me to connect with my people to bring the best out of them The life at an exclusive world known 5 star resort gave me the opportunity to meet the famous world environmentalist Jean Michael Cousteau and to get a taste of luxury and pampering and also to experience the hospitality of the Fijian people who are dedicated to providing outstanding service with a personal touch making Fiji one of the best tourist destinations of the world Destiny and a true love story brought me to the USA the land of hope exposing me to a quality of life with high standards and gave me an understanding of the American dream which is about owning your own home while learning to adapt to a new environment and family and a career in banking Recognition which is a key element in this society saw me with a gold medal presented in Hawaii for my outstanding sales and customer service skills giving me a chance to be part of a royal celebration of excellence and then becoming one of the leaders of the bank managing in a dynamic and changing environment My inspiring management style helped me to overcome many challenges including managing people through so much change in an economy that was constantly declining and a massive lay off and with the so many opportunities out there I am now going to think a big picture take a different route to break new ground and will find a whole new world to conquer
