Close Encounters Of The Third Kind The Special Edition:

Close Encounters of the Third Kind Steven Spielberg, 1978 Unexplainable happenings to several people meant just the beginning of a dramatic event to the rest of humanity **Close Encounters of the Third Kind** Ray Morton, 2007-11 Applause Books Morton has written the definitive book on this innovative movie by Steven Spielberg Meticulous research of this caliber is not found in other books on Close Encounters Fans will find Morton's take informative and fascinating Library Journal Steven Spielberg's 1977 masterpiece used all of the power and magic of cinema to tell a story of man's first meeting with extraterrestrial beings Renouncing the fear and pessimism of the day writer/director Spielberg boldly envisioned this as a peaceful spiritual event full of hope and possibility This awe inspiring message made a powerful impact on audiences desperate for something to believe in The film was a massive box office hit and revolutionized the movie industry along with Star Wars it helped to create the modern blockbuster and ushered in a new era of hi tech effects Based on in depth research and the recollections of many of the film's principal creators Close Encounters is the first book to chronicle the making of this classic film from its inception through its tumultuous production to its many releases in special editions The book features new interviews with star Teri Garr producer Michael Phillips photographic effects supervisor Douglas Trumbull production designer Joe Alves and several cinematographers screenwriters and special effects legends John Hill Jerry Belson Hal Barwood and Matthew Robbins and special effects legends Richard Yuricich Robert Swarthe Dennis Muren Scott Squires Greg Jein and Rocco Gioffre **Close Encounters of the Third Kind** Dana Polan, 2024-10-03 Steven Spielberg's *Close Encounters of the Third Kind* 1977 is a film very much of its cinematic moment combining the gritty realism of entrapment in the everyday with furtive dreams of escape Dana Polan's compelling study of the film examines its significance to New Hollywood cinema and the science fiction genre He argues that *Close Encounters* is a film that is an allegory of the cinematic experience overall it both narrates a tale of visual seduction and plays it out viscerally for the spectator who shares the amazement of the protagonist Roy Neary as his mundane reality is transformed into something awe inspiring Providing an in depth look into the film's production history including all three different versions Polan situates *Close Encounters* within Spielberg's repertoire He argues that despite the film's popular success it is in fact a rejection of several entrenched American values including family home and marriage It offers through its visual fascination alternative understandings of masculinity and morality familial responsibility and what it means to follow the American Dream **The Official Overstreet Comic Book Companion, 11th Edition** Robert M. Overstreet, 2010 Describes and lists the values of popular collectible comics and graphic novels issued from the 1950s to today providing tips on buying collecting selling grading and caring for comics and including a section on related toys and rings *Close Encounters of the Third Kind* Jon Towlson, 2016-09-06 For many *Close Encounters of the Third Kind* CE3K is not so much a movie as a religious experience On its release in 1977 CE3K virtually redefined the science fiction film shifting it away from spaceships laser guns and bug eyed

monsters into a modified form of science fiction that John Wyndham once called logical fantasy What would it be like if extra terrestrials made contact with people on Earth How would it feel Like 2001 A Space Odyssey 1968 Steven Spielberg s primary inspiration CE3K is concerned with mankind s evolution towards the stars towards a state of transcendence But Spielberg s vision hinges not so much on cool scientific intellect being the key to our next stage of evolution as on the necessary development of emotional intelligence To that end we must regain our childlike curiosity for what lies beyond the skies we must recover our capacity to experience wonder Intensity of emotion is inherent to the film s meaning and the aim of this book is to explore this in detail Along the way it delves into the film s production history explores Spielberg s remarkable cinematic realisation of the film including a comparison study of the three different release versions and considers in detail how CE3K fits into the Spielberg oeuvre
