Close Encounters Of The Third Kind:

Close Encounters of the Third Kind Steven Spielberg, 1978 Unexplainable happenings to several people meant just the beginning of a dramatic event to the rest of humanity *Close Encounters of the Third Kind* Steven Spielberg, 1983

Close Encounters of the Third Kind Dana Polan, 2024-10-03 Steven Spielberg's *Close Encounters of the Third Kind* 1977 is a film very much of its cinematic moment combining the gritty realism of entrapment in the everyday with furtive dreams of escape Dana Polan's compelling study of the film examines its significance to New Hollywood cinema and the science fiction genre He argues that *Close Encounters* is a film that is an allegory of the cinematic experience overall it both narrates a tale of visual seduction and plays it out viscerally for the spectator who shares the amazement of the protagonist Roy Neary as his mundane reality is transformed into something awe inspiring Providing an in depth look into the film's production history including all three different versions Polan situates *Close Encounters* within Spielberg's repertoire He argues that despite the film's popular success it is in fact a rejection of several entrenched American values including family home and marriage It offers through its visual fascination alternative understandings of masculinity and morality familial responsibility and what it means to follow the American Dream **Close Encounters of the Third Kind** Ray
