Critical Discourses of the Fantastic, 1712-1831 David Sandner, 2011 Critical Discourses of the Fantastic, 1712-1831

David Sandner, 2016-04-22 Challenging literary histories that locate the emergence of fantastic literature in the Romantic period David Sandner shows that tales of wonder and imagination were extremely popular throughout the eighteenth century Sandner engages contemporary critical definitions and defenses of eighteenth and early nineteenth century fantastic literature demonstrating that a century of debate and experimentation preceded the Romantic s interest in the creative imagination In *The Fairy Way of Writing* Joseph Addison first defines the literary use of the supernatural in a modern and rational age Other writers like Richard Hurd James Beattie Samuel Johnson James Percy and Walter Scott influence the shape of the fantastic by defining and describing the modern fantastic in relation to a fabulous and primitive past As the genre of the purely imaginary Sandner argues the fantastic functions as a discourse of the sublime imagination albeit a contested discourse that threatens to disrupt any attempt to ground the sublime in the realistic or sympathetic imagination His readings of works by authors such as Ann Radcliffe William Beckford Horace Walpole Mary Shelley Walter Scott and James Hogg not only redefine the antecedents of the fantastic but also offer a convincing account of how and why the fantastic came to be marginalized in the wake of the Enlightenment

The Female Fantastic Lizzie

McCormick, Jennifer Mitchell, Rebecca Soares, 2018-08-06 For women identified writers of both eras the fantastic offered double vision Not only did the genre offer strategic cover for challenging the status quo but also a heuristic mechanism for teasing out the gendered psyche s links to creative personal and erotic agency These dynamic presentations of female and gender queer subjectivity are linked in intriguing and complex matrices to key moments in gender ed history This volume

contains essays from international scholars covering a wide range of topics including werewolves mummies fairies demons time travel ghosts haunted spaces and objects race gender queerness monstrosity madness incest empire medicine and science By interrogating two non consecutive decades we seek to uncover the inter relationships among fantastic literature feminism and modern identity and culture Indeed while this book considers the relationship between the 1890s and 1920s it is more an examination of women s modernism in light of gendered literary production during the fin de siècle than the reverse

Space(s) of the Fantastic David Punter, C. Bruna Mancini, 2020-12-29 This book provides a series of new addresses to the enduring problem of how to categorize the Fantastic The approach taken is through the lens of spatiality the Fantastic gives us new worlds although of course these are refractions of worlds already in being In place of real spaces whatever they might be the Fantastic gives us imaginary spaces although within those spaces historical and cultural conflicts are played out albeit in forms that stretch our understanding of everyday location and our usual interpretations of cause and effect Many authors are addressed here from a variety of different geographical and national traditions thus demonstrating how the Fantastic as a mode a genre a way of thinking imagining and writing continually traverses borders and boundaries We hope to move the ongoing debate about the Fantastic forward in a scholarly as well as an engaging way

Exploring the Fantastic Ina Batzke, Eric C. Erbacher, Linda M. Heß, Corinna Lenhardt, 2018-03-15 The fantastic represents a wide and heterogeneous field in literary cultural and media studies Encompassing some of the field s foremost voices such as Fred Botting and Larissa Lai as well as exciting new perspectives by junior scholars this volume offers a mosaic of the fantastic now The contributions pinpoint and discuss current developments in theory and practice by offering enlightening snapshots of the contemporary Anglophone landscape of research in the fantastic The authors arguments and analyses thus give new impetus to the field s theoretical and methodological approaches its textual materials its main interests and its crucial findings
