Desire To Serve Servant Leadership For Fire And Emergency Services:

The Desire to Serve Eric Russell, 2014-02-10 **The Desire to Serve (Second Edition)** Eric Russell, 2015-12-08 In Command of Guardians: Executive Servant Leadership for the Community of Responders Eric J. Russell, 2019-05-02

In Command of Guardians: Executive Servant Leadership for the Community of Responders Second Edition spotlights the philosophy of servant leadership and offers a pathway for strengthening first responder organizations. Responders work in high risk critical situations under the pressure of time and consequence. Being a responder means one must become an active player in the tragedies of others. Because these situations can change the responder over time, a special type of leader is needed to walk beside them while they navigate the realities of public safety and emergency service operations. This book illustrates how being a servant leader to these guardians allows the community of responders to strengthen their resiliency, foster individual growth, and perform at peak levels. The book spans a wide breadth and depth and is written in a way that engages the reader immediately. It is packed with sensitive and wise insights, as well as eminently practical advice for today's emergency services leaders as well as those of tomorrow. Emily Hough, Editor In Chief, Crisis Response Journal. Emotionally moving, research-based, and a compelling case for why any organization can benefit from a servant leadership organizational culture. Eric debunks the myth that servant leadership is soft and shows how the hard work of skilled servant leaders is exactly what is needed in the alpha worlds of public safety and emergency services. Duane Trammell, President, Trammell McGee Cooper Associates Inc. Eric Russell is a pioneer in applying the principles of servant leadership to the communities of brave police, fire, and emergency services responders. This book is destined to be a classic reference work for the field. Don M. Frick, PhD, Authorized Robert Greenleaf biographer and co-author of *Seven Pillars of Servant Leadership: The Wisdom of Leading by Serving*. In Command of Guardian, speaks great leadership truths to first responder communities throughout the world. This is an important work for those in command of the men and women who put their lives on the line to save others. Christophe Libeau, Lieutenant Colonel, Brigade de Sapeurs-Pompiers de Paris. In Command of Guardians: Executive Servant Leadership for the Community of Responders Eric J. Russell, 2016-10-12. First responders in the fire, emergency, and police agencies work in high risk critical situations and require effective leadership. Using the approach of Servant Leadership, Dr. Russell explains how executive level chief officers can lead their teams by helping responders develop and perform as highly as possible and meet the needs of their followers. To bring the power of this philosophical approach towards leadership to life, this book demonstrates how its many aspects come together as a system in order to strengthen the community of emergency responders. Featuring case studies and questions as meditative exercises, the book offers readers a rich learning experience. Targeted at fire chiefs, fire commissioners, police chiefs, and Emergency Medical Service and other first responders, this book will have a positive impact on these organizations and the communities they serve. It is also useful for training aspiring executive level leaders, chief officers. *Leadership Action and Intervention in Health, Business,*

Education, and Technology Burrell, Darrell Norman, 2024-06-17 In today's rapidly evolving landscape of healthcare social sciences and technology the complexity of interconnected challenges often leaves scholars feeling adrift in a sea of disparate information As disciplines become increasingly intertwined navigating the nexus of these fields poses a significant obstacle for academic scholars seeking comprehensive understanding and innovative solutions A cohesive resource that effectively bridges these divides is necessary to progress and hampers efforts to address pressing issues such as healthcare disparities ethical dilemmas in technology and social justice concerns *Leadership Action and Intervention in Health Business Education and Technology* is a meticulously crafted guide through the murky waters of interdisciplinary study offering a comprehensive exploration of the critical intersections between healthcare social sciences and technology This book empowers academic scholars to transcend disciplinary boundaries foster collaboration and drive meaningful change in an increasingly interconnected world
