Desiring the Kingdom (Cultural Liturgies) James K. A. Smith, 2009-08-01 Malls stadiums and universities are actually liturgical structures that influence and shape our thoughts and affections Humans as Augustine noted are desiring agents full of longings and passions in brief we are what we love James K A Smith focuses on the themes of liturgy and desire in *Desiring the Kingdom* the first book in what will be a three volume set on the theology of culture He redirects our yearnings to focus on the greatest good God Ultimately Smith seeks to re vision education through the process and practice of worship Students of philosophy theology worldview and culture will welcome *Desiring the Kingdom* as will those involved in ministry and other interested readers Cultural Liturgies Boxed Set James K. A. Smith, 2017-11-07 This boxed set includes all three volumes from James K A Smith s highly acclaimed Cultural Liturgies series *Desiring the Kingdom* *Imagining the Kingdom* and *Awaiting the King* In *Desiring the Kingdom* winner of a Christianity Today Book Award Smith casts a new vision for worldview through the lens of Christian liturgy re visioning education through the process and practice of worship *Imagining the Kingdom* shows how worship works in shaping us through liturgical practices Smith helps us understand and appreciate the bodily basis of habit formation and how liturgical formation both secular and Christian affects our fundamental orientation to the world *Awaiting the King* explores the religious nature of politics and the political nature of Christian worship sketching how the worship of the church propels us to be invested in forging the common good *Imagining the Kingdom (Cultural Liturgies)* James K. A. Smith, 2013-02-15 2013 Word Guild Award Academic How does worship work How exactly does liturgical formation shape us What are the dynamics of such transformation In the second of James K A Smith s three volume theology of culture the author expands and deepens the analysis of cultural liturgies and Christian worship he developed in his well received *Desiring the Kingdom* He helps us understand and appreciate the bodily basis of habit formation and how liturgical formation both secular and Christian affects our fundamental orientation to the world Worship works by leveraging our bodies to transform our imagination and it does this through stories we understand on a register that is closer to body than mind This has critical implications for how we think about Christian formation Professors and students will welcome this work as will pastors worship leaders and Christian educators The book includes analyses of popular films novels and other cultural phenomena such as *The King s Speech* *Rise of the Planet of the Apes* David Foster Wallace s *Infinite Jest* and Facebook , Eschatological Discipleship Trevin Wax, 2018-04-01 Discipleship is eschatological in nature because the church that makes and receives disciples is eschatological in nature Often eschatology is thought to refer only to last things doctrines However eschatology in its broader sense encompasses the Christian view of time and the future of the world informing both one s evangelism and ecclesiology Failing to relate the eschatological dimension to discipleship leaves one with an incomplete worldview imbalanced discipleship and eventually a tragic inability to model the Christian way of life By answering questions like What time is it and Where is history going Trevin Wax helps

Christians view the past present and future biblically and shapes their understanding of following Jesus *Sola Scriptura Sacramentaque* Charles Meeks,2021-03-29 The practice of the sacraments of baptism and the Eucharist allow Christians to read Scripture in the context of the church and in unity with the Trinity Charles Meeks argues here however that over the centuries since the Reformation Protestant expressions of the church have often allowed the sacraments to assume a minor role that has led to a weakening of Protestant ecclesiology and a disconnection of these ancient rituals from the gospel To unpack this reality Meeks relies on the work of fourth century bishop Hilary of Poitiers and modern theologian Robert W Jenson to examine the relationship between the sacraments and Scripture the Trinity and the church With Hilary he retrieves a hermeneutic that starts from the interdependence of the sacraments with all aspects of Christian life especially the way one reads Scripture formulates theology and understands what the church is and is not With Jenson Meeks applies this hermeneutic to the modern church in an appeal to recover a premodern sense of God's relationship to time and thus how the church relates to God through Word and Sacrament **Gathered on the Road to Zion** Daniel Lee Hill,2021-04-26

Churches are filled with human beings It is as a community of human creatures that the church gathers together on Sunday mornings to worship the triune God and it is as a community of creatures that its members participate in the church's liturgical life However merely noting that the church and human beings are related to one another leaves the nature of this relationship unresolved and undefined And this raises an important question How should the doctrine of the church inform our understanding of what it means to be human This project is an exercise in ecclesio anthropology albeit from a Free Church perspective In it Daniel Lee Hill seeks to discover how the nature practices mission and telos of the church robustly inform our understanding of the human creature **The Aesthetics of Discipleship** Adrian Coates,2021-09-30

Discipleship is embodied Formation in the Christian life is not an otherworldly exercise but one that plays out in this world interwoven with everyday sensory experience in ordinary life The Aesthetics of Discipleship explores this dynamic through Kierkegaard's framing of aesthetic existence the sensory experience of being in the moment further developed by Bonhoeffer as operating within a realm of freedom encompassing not only art but play friendship and cultural formation In addition to Kierkegaard and Bonhoeffer the work of Iain McGilchrist Graham Ward and Nicholas Wolterstorff is employed to offer a fresh perspective on discipleship from below Everyday sensory experiences are integral not only to being human but to the practice of discipleship such that discipleship integrates aesthetic ethical and religious existence Aesthetic existence unhinged from a life of faith or fueled by distorted Christendom creates and sustains aestheticized pseudorealities centered on the self Mature aesthetic existence however anchored in love for God plays a fundamental role in the Christian life both as the incarnational celebration of being fully human and also through the preconscious formation of imaginaries by which we live Loving Our Enemies Through Seasons of Bitterness Lex Kohn,2025-06-30 In a nation crumbling under the weight of bitterness where government is the people's god the way through is neither legislation nor activism but loving the least

loveable A study of internet influence conflict theory and nineteenth century wisdom reveals that people do not have to solve their disagreements if they can relearn how to love their enemies as Christ commanded This book highlights courageous men and women of faith from biblical times up through the present who obeyed this commandment the Scriptures they followed and how they managed it so that people today too might learn to substitute love instead of bitterness **Theology and Game of Thrones** Matthew William Brake,2022-02-03 This book explores many of the theological and religious themes present in the Game of Thrones HBO television series and George R R Martin s A Song of Ice and Fire novels Written for academics yet accessible for the layperson the chapters explore themes of power religion and sacred institutions in Westeros Christian ecclesiology in the Night s Watch and the religion of the Iron Islands Augustinian notions of evil in the Night King and anthropology in the Seven Orientalism Hinduism and the many worldviews in the World of Ice and Fire and the series more controversial and disturbing themes of rape and death Theology and Game of Thrones will appeal to theology and religious studies scholars and fans alike as it explores these elements in Martin s complex fantasy epic
