Dead Reckoning Six Phases Funeral:

Dead Reckoning Andrei Guraianu,Anthony Di Renzo,2016-02-01 Dead reckoning is the nautical term for calculating a ship's position using the distance and direction traveled rather than instruments or astronomical observation For those still recovering from the atrocities of the twentieth century however the term has an even grimmer meaning toting up the butcher's bill of war and genocide As its title suggests Dead Reckoning is an attempt to find our bearings in a civilization lost at sea Conducted in the shadow of the centennial of the First World War this dialogue between Romanian American poet Andrei Guraianu and Italian American essayist Anthony Di Renzo asks whether Western culture will successfully navigate the difficult waters of the new millennium or shipwreck itself on the mistakes of the past two centuries Using historical and contemporary examples they explore such topics as the limitations of memory the transience of existence the futility of history and the difficulties of making art and meaning in the twenty first century Dead Reckoning Michael K

Death Liturgy and Ritual Paul P.J. Sheppy,2017-07-05 This title was first published in 2003 Death Liturgy and Ritual is a two volume study of Christian funerary theology and practice presenting an invaluable account of funeral rites and the central issues involved for compilers and users Paul Sheppy writes from direct experience of conducting funerals and of drafting liturgical resources for others In Volume I A Pastoral and Liturgical Theology Sheppy argues that the Church ought to construct its theological agenda in dialogue with other fields of study He proposes a Christian statement about death that finds its basis in the Paschal Mystery since human death must be explained by reference to Jesus death descent to the dead and resurrection Using the three phases of van Gennep's theory of rites of passage the author shows how the Easter triduum may be seen as normative for Christian liturgies of death The companion volume Volume II A Commentary on Liturgical Texts reviews a wide range of current Christian funeral rites and examines how they reflect both the Church's concern for the death and resurrection of Christ and the contemporary secular demand for funerals which celebrate the life of the deceased

Alison Keith, Micah Y. Myers, 2023-04-28 Born in 70 BCE the Roman poet Vergil came of age during a period of literary experimentalism among Latin authors These authors introduced new Greek verse forms and metres into the existing repertoire of Latin poetic genres and measures foremost among them being elegy a genre that the ancients thought originated in funeral lament but which in classical Rome became first person poetry about the poet lover's amatory vicissitudes Despite the influence of notable elegists on Vergil's early poetry his critics have rarely paid attention to his engagement with the genre across his body of work This collection is devoted to an exploration of Vergil's multifaceted relations with elegy Contributors shed light on Vergil's interactions with the genre and its practitioners across classical medieval and early modern periods The book investigates Vergil's hexameter poetry in relation to contemporary Latin elegy by Gallus Tibullus and Propertius and the subsequent reception of Vergil's radical combination of epic with elegy by later Latin and Italian authors Filling a striking gap in the scholarship Vergil and Elegy illuminates the famous poet's wide ranging engagement with the genre of elegy across his oeuvre
