theology from its dry and predictable categories to reveal what has always been at the heart of the theological enterprise a personal search for intellectually honest and credible ways of making sense of the loving mystery that encompasses even our confounding times

Salvation of Reflective Thoughts The Broken Hearted Poet - Unrecay Dema, 2010-05-20 On December 31 1989 I began a journey of Salvation of Reflective Thoughts A journey of emotions in my life through poetry Emotions of nature death life magic imagination spirituality love deceit anger hatred lust desire mystery romance and sadness Along the journey of Salvation of Reflective Thoughts the emotions of utter sadness were the only emotions I felt From all the pain loneliness and sadness in my life at that time I then became The Broken Hearted Poet All illustrations and photography was done by The Broken Hearted Poet Unrecay Demarko

Angel Within Audie Ward, 2022-06-28 Angel Within is a fictional story about a descendant of Moses who is burdened with a destiny not of his own creation Along the way of this metaphorical journey of battling and slaying demons Sonny has to contend with a combo platter of intrusive thoughts posttraumatic stress and anxiety with a splash of OCD I hope that you are entertained but also that there are situations he encounters that may resonate with you and how you interact with your thoughts and emotions Don't waste your time worrying If the shit is gonna hit the fan it's going to It's your response that matters

Fire Bringer David Clement-Davies, 2007-08-16 David Clement Davies's first novel was published to great acclaim including a rave review from Watership Down author Richard Adams it is a riveting story and deserves to be widely read it is one of the best anthropomorphic fantasies known to me

Becoming Ty Singleton, 2013-12-09 I Am Have you ever felt you are meant for some great purpose That perhaps no one can see what you are truly worth I am not talking about money or talents or cutting the grade Being able to change your future through the past Greatly affecting the past to where you will be remembered I have thoughts that make me believe I am truly different My bequest to search for magical powers and special talents What I do with myself in a dream will affect my future Faced with making my own reality by growing from my past I must protect value and preserve something most precious How do I know this In the way they look at me even how they do not look at me I read their eyes knowing they rely on me to make the cut That final cut for the play That last chess move checkmate That final step across home plate the winning score I look into the guardian eyes I must not back down My purpose is much greater than life itself I am In the dimension between a dream world and reality there is magic that can only be learned by those predestined Special powers given at birth come with a price stronger and more powerful than any human can handle on their own There is a test for each power but unknown to each individual they must earn that gift and share it unselfishly with others instead of losing it to greater powers To the human eye these powers are hidden to those trained in the arts no power goes unnoticed Elise is of age to earn her special powers ones that she is unaware she holds Obstacles come into her path Who can she trust Will she be able to stop the evil following her and fulfill her prophecy

No Cheese No Ham and Other short Stories Second Edition Roger Weston, 2018-01-29 No Cheese no Ham is a collection of short stories based loosely

around events that have taken place in the authors life over times from his early teens to the present **The Awakened**
Ones Gananath Obeyesekere, 2012-02-07 While a rational consciousness grasps many truths Gananath Obeyesekere believes
an even richer knowledge is possible through a bold confrontation with the stuff of visions and dreams Spanning both
Buddhist and European forms of visionary experience he fearlessly pursues the symbolic nonrational depths of such
phenomena reawakening the intuitive creative impulses that power greater understanding Throughout his career
Obeyesekere has combined psychoanalysis and anthropology to illuminate the relationship between personal symbolism and
religious experience In this book he begins with Buddha s visionary trances wherein over the course of four hours he
witnesses hundreds of thousands of his past births and eons of world evolution renewal and disappearance He then connects
this fracturing of empirical and visionary time to the realm of space considering the experience of a female Christian penitent
who stares devotedly at a tiny crucifix only to see the space around it expand to mirror Christ s suffering Obeyesekere
follows the unconscious motivations underlying rapture the fantastical consumption of Christ s body and blood and body
mutilation and levitation bridging medieval Catholicism and the movements of early modern thought as reflected in William
Blake s artistic visions and poetic dreams He develops the term dream ego through a discussion of visionary journeys Carl
Jung s and Sigmund Freud s scientific dreaming and the cosmic and erotic dream visions of New Age virtuosos and he
defines the parameters of a visionary mode of knowledge that provides a more elastic understanding of truth A career
culminating work this volume translates the epistemology of Hindu and Buddhist thinkers for western audiences while
revitalizing western philosophical and scientific inquiry
