De Propaganda Van De Nazis:

Nazi Propaganda (RLE Nazi Germany & Holocaust) David Welch, 2014-09-04 Based on a detailed examination of specific aspects of Nazi propaganda this book originally published in 1983 enhances the understanding of National Socialism by revealing both its power and its limitations The work tackles aspects of Nazi propaganda which had been neglected in the past but together they demonstrate the disproportionate role assigned to propaganda in one of the most highly politicised societies in contemporary European history **The Nazi Era, 1919-1945** Helen Kehr, 1982 , **De Varende Hollander** , 1943 Franco and Hitler Stanley G. Payne, 2008-01-01 Was Franco sympathetic to Nazi Germany Why didn't Spain enter World War II In what ways did Spain collaborate with the Third Reich How much did Spain assist Jewish refugees This is the first book in any language to answer these intriguing questions Stanley Payne a leading historian of modern Spain explores the full range of Franco's relationship with Hitler from 1936 to the fall of the Reich in 1945 But as Payne brilliantly shows relations between these two dictators were not only a matter of realpolitik These two titanic egos engaged in an extraordinary tragicomic drama often verging on the dark absurdity of a Beckett or Ionesco play Whereas Payne investigates the evolving relationship of the two regimes up to the conclusion of World War II his principal concern is the enigma of Spain's unique position during the war as a semi fascist country struggling to maintain a tortured neutrality Why Spain did not enter the war as a German ally joining with Hitler to seize Gibraltar and close the Mediterranean to the British navy is at the center of Payne's narrative Franco's only personal meeting with Hitler in 1940 to discuss precisely this is recounted here in groundbreaking detail that also sheds significant new light on the Spanish government's vacillating policy toward Jewish refugees on the Holocaust and on Spain's German connection throughout the duration of the war

Hitler's Last Chance Kevin Prenger, 2023-04-28 The war in Europe was reaching its cataclysmic final months with Germany surrounded on all sides Hitler's forces had been driven from Poland by the Red Army and the Soviets were poised a short distance from Berlin while the Western allies having repulsed the Führer's Ardennes offensive were preparing to cross the Rhine More than ever Hitler needed his people to stiffen their resolve for the coming onslaught To demonstrate what will be expected of the German people and what they could achieve if they refused to acknowledge defeat a major feature film would be shown featuring the one place which held out against Napoleon when he invaded Prussia in 1807 the city of Kolberg After crushing the Prussian Army in 1806 French forces swept into the Prussian province of Pomerania One by one the Prussian fortresses surrendered mostly without offering any resistance except for Kolberg The small and weakly fortified city held out for four months despite being surrounded by Napoleon's forces with Major von Gneisenau organizing a citizen's militia to aid the Army in its defense Though much of the city was blasted into ruin Kolberg remained in Prussian hands until the war with France ended with the signing of the Peace of Tilsit by which time its defense had become legendary Even though the Third Reich was literally entering its death throes in attempting to reproduce the siege of Kolberg on film

thousands of experts extras and horses were taken from the war effort by the Reich Minister of Propaganda Joseph Goebbels. The film's emphasis was to show how civilians and the military can work together to save Germany just as Kolberg had been saved from the French. The result has been stated to be the most expensive feature film ever made in Germany. This book examines the dramatic conditions under which the film was produced and the scale of the resources needed to do so followed by its first showing on 30 January 1945. All Goebbels' efforts though were to no avail as the film never went on general release. A month later as the author reveals Kolberg found itself under siege once again but this time after bitter house to house fighting it fell to the Soviets in less than four weeks.

The Palgrave Handbook of Comparative New Cinema Histories

Daniela Treveri Gennari, Lies Van de Vijver, Pierluigi Ercole, 2024-01-22. This Handbook offers new and previously unexplored comparative approaches to the field of New Cinema History. The volume brings together contributions focussing on historical and contemporary comparative case studies of cinema going practices: cinema distribution, exhibition and reception from a global perspective. Engaging with a wealth of empirical and archive based sources, the volume explores a wide range of methodological and theoretical approaches. This Handbook is a key addition to debates on the relationship between film industry and cinema going practices across different political and cultural geographical dimensions. Film Professionals in Nazi-Occupied Europe Pavel Skopal, Roel Vande Winkel, 2021-08-23. This book analyses the film industries and cinema cultures of Nazi occupied countries 1939-1945 from the point of view of individuals: local captains of industry, cinema managers, those working for film studios and officials authorized to navigate film policy. The book considers these people from a historical perspective, taking into account their career before the occupation and where relevant, pays attention to their post-war lives. The perspectives of these historical agents contribute to an understanding of how top-down orders and haphazard signals from the occupying administration were moulded, adjusted and distorted in the process of their translation and implementation. This edited collection offers a more dynamic and less deterministic approach to research on the international expansion of Third Reich cinema in World War Two, an approach that strives to balance the role of individual agency with the structural determinants. The case studies presented in this book cover the territories of Belgium, Czechoslovakia, France, the Netherlands, Norway, Poland and the Soviet Union.

Spirit of Resistance Jeroen Dewulf, 2010. The first book to offer a complete story of the extraordinary proliferation of Dutch clandestine literature under the Nazi occupation. Clandestine literature was published in all countries under Nazi occupation but nowhere else did it flourish as it did in the Netherlands. This raises important questions: What was the content of this literature? What were the risks of writing, printing, selling and buying it? And why the Netherlands? Traditionally, the combative Dutch spirit of resistance has been cited as a reaction not only to German oppression but to German propaganda while the Germans hoped to build bonds with their Germanic Dutch brothers. Clandestine literature insisted on their incompatibility. However, when reading clandestine

literature one should not forget that this spirit of resistance came rather late and did not prevent the transportation of seventy three percent of the Netherlands Jewish population to Nazi death camps the largest percentage in Western Europe The Dutch case is complex while the country proved to be remarkably resistant to Nazi propaganda little was done to prevent the actual execution of Nazi policies The complete story of Dutch clandestine literature therefore combines resistance and complicity victory and defeat pride and shame Jeroen Dewulf is Queen Beatrix Professor of Dutch Studies in the Department of German at the University of California Berkeley
