Conflict in Social Systems:

Conflict in social systems Anatol Rapoport, C. P. Van den Hout, 1976 **The Shaping of Socio-Economic Systems (RLE Social Theory)** Thomas Baumgartner, Tom Burns, Philippe DeVill, 2014-08-07 Actor systems dynamics is an innovative multidisciplinary methodology for investigating and analyzing social struggles over economic resources and the related interplay between economic and socio political institutions and processes The authors sociologists and economists offer a systemic perspective on contemporary socio economic issues such as economic crisis unemployment inflation economic democracy and development in their analyses they identify several of the key factors that drive people to interact to initiate change and transformation as well as to resist such change Major underlying themes in the book are Conflict over the distribution of economic resources and economic policies and institutions the structural bases of economic inequality and conflict the shaping and reshaping of socio economic institutions and the contradictions conflicts and instabilities evoked by such developments the failure of orthodox economic theories including Keynesianism in the face of recurrent economic crises and instabilities the development and application of an open dynamic actor oriented systems theory grounded in the social sciences addressing complex socio economic phenomena in ways diverging substantially from conventional economics All in all the papers collected here deal on the one hand with social power conflict and struggle concerning economic resources and institutions and on the other hand the structural and other factors which drive powering initiatives conflict and social innovation and transformation The book is addressed to a broad spectrum of social and managerial scientists concerned with socio economic issues institutions and development **Political Terrorism** A.J. Jongman, 2017-07-28 While there is no easy way to define terrorism it may generally be viewed as a method of violence in which civilians are targeted with the objective of forcing a perceived enemy into submission by creating fear demoralization and political friction in the population under attack At one time a marginal field of study in the social sciences terrorism is now very much in center stage The 1970s terrorist attacks by the PLO the Provisional Irish Republican Army the Popular Front for the Liberation of Palestine the Japanese Red Army the Unabomber Aum Shinrikyo Timothy McVeigh the World Trade Center attacks the assault on a school in Russia and suicide bombers have all made the term terrorism an all too common part of our vocabulary This edition of Political Terrorism was originally published in the 1980s well before some of the horrific events noted above This monumental collection of definitions conceptual frameworks paradigmatic formulations and bibliographic sources is being reissued in paperback now as a resource for the expanding community of researchers on the subject of terrorism This is a carefully constructed guide to one of the most urgent issues of the world today When the first edition was originally published Choice noted This extremely useful reference tool should be part of any serious social science collection Chronicles of Culture called it a tremendously comprehensive book about a subject that any who have anything to lose from property to liberty life to limbs should be forewarned against **Coviability of Social and Ecological Systems: Reconnecting**

Mankind to the Biosphere in an Era of Global Change Olivier Barrière, Mohamed Behnassi, Gilbert David, Vincent Douzal, Mireille Fargette, Thérèse Libourel, Maud Loireau, Laurence Pascal, Catherine Prost, Voyner Ravena-Cañete, Frédérique Seyler, Serge Morand, 2019-03-12 This book considers the principle of sustainable development which is currently facing a growing environmental crisis A new mode of thinking and positioning the ecological imperative is the major input of this volume The prism of co viability is not the economics of political agencies that carry the ideology of the dominant conventional economic schools but rather an opening of innovation perspectives through science This volume through its four parts more than 40 chapters and a hundred authors gives birth to a paradigm which crystallizes within a concept that will support in overcoming the ecological emergency deadlock *Conflict in the Miracle Stories* Evert-Jan Vledder, 1997-10-01 Matthew's Gospel is a witness to conflicting interests The leaders of Israel are part of the so called retainer class who pursue their own interests by promoting the interests of the Roman rulers Jesus and the Matthaean community on the contrary acts on behalf of the marginalized in society Jesus challenges the underlying values of the leaders who contrary to what is expected do not forgive and act mercifully The leaders try to resolve the conflict negatively by labelling Jesus as possessed by the devil At the same time the conflict spirals onward the Matthaean community is called to act in the interests of the marginalized It is Vledder's special contribution to Matthaean study that he brings to light the underlying dynamics of this conflict in a stimulating sociological study **Een wereld veilig voor conflict. Handboek Vredesonderzoek** Luc Reyhler, 1995 **Political Terrorism** Albert J. Jongman, 1988 While there is no easy way to define terrorism it may generally be viewed as a method of violence in which civilians are targeted with the objective of forcing a perceived enemy into submission by creating fear demoralization and political friction in the population under attack At one time a marginal field of study in the social sciences terrorism is now very much in center stage The 1970s terrorist attacks by the PLO the Provisional Irish Republican Army the Popular Front for the Liberation of Palestine the Japanese Red Army the Unabomber Aum Shinrikyo Timothy McVeigh the World Trade Center attacks the assault on a school in Russia and suicide bombers have all made the term terrorism an all too common part of our vocabulary This edition of Political Terrorism was originally published in the 1980s well before some of the horrific events noted above This monumental collection of definitions conceptual frameworks paradigmatic formulations and bibliographic sources is being reissued in paperback now as a resource for the expanding community of researchers on the subject of terrorism This is a carefully constructed guide to one of the most urgent issues of the world today When the first edition was originally published Choice noted This extremely useful reference tool should be part of any serious social science collection Chronicles of Culture called it a tremendously comprehensive book about a subject that any who have anything to lose from property to liberty life to limbs should be forewarned against Alex P Schmid received his Ph D from the University of Zurich Switzerland and is a professor in the Department of Political Science at Leiden University He is the coauthor with Albert J Jongman of Soviet Military

Yearbook European Institute for Social Security. Conference,2003-01-01 The twelve remarkable essays in this book explore this vital issue from a number of enlightening perspectives European Social Security and Global Politics represents a partial gleaning of the September 2001 conference held in Bergen Norway of the European Institute of Social Security a leading multidisciplinary research group and the vanguard of the debate on social security in Europe Fifteen highly committed researchers and administrators from all over Europe offer in depth analysis and conclusions in such crucial areas as how globalisation increases inequality and hinders redistribution of wealth how certain social security policies hamper the free movement of workers the elusive promise of regional social security in Europe essential elements of any proposed global social security policy various reform initiatives for the fair administration of pension schemes In addition to the invaluable individual insights advanced in each paper two notable trends seem to pervade the entire conference One is the growing divergence of social security policy within European countries coexisting uneasily with EU measures against social exclusion the other is the sudden clarity of principle and design in the European welfare state when seen against the virtual anarchy of the globalisation model Where these trends may lead us is only beginning to come into focus and this book is among the first to sharpen the images of the possible futures in European social security that are likely to emerge in the next decade All professionals in any aspect of social security policy or study will benefit enormously from this provocative book not only in Europe but throughout the world Employment Relations and the Social Sciences Stephen M. Hills,1995 Examines the connections between industrial relations and a variety of social science disciplines Conflict Management and Organization Development W. F. G. Mastenbroek,1993 This study aims to form a bridge between the theory of organizations and the practice of professional consulting work A new theory is outlined which enables consultants to perceive conflicts between parties in organizations and to use these conflicts to gain greater productivity
