Congress At The Grassroots Representational Change In The South 1970 1998:

Congress at the Grassroots Richard F. Fenno, 2000 However much politicians are demeaned and denounced in modern American society our democracy could not work without them For this reason says Richard Fenno their activities warrant our attention In his pioneering book Home Style Fenno demonstrates that a close look at politicians at work in their districts can tell us a great deal about the process of representation Here Fenno employs a similarly revealing grassroots approach to explore how patterns of representation have changed in recent decades Fenno focuses on two members of the U S House of Representatives who represented the same west central Georgia district at different times Jack Flynt who served from the 1950s to the 1970s and Mac Collins who has held the seat in the 1990s His on the scene observation of their differing representational styles Flynt focuses on people Collins on policy reveals the ways in which social and demographic changes inspire shifts in representational strategies More than a study of representational change in one district Congress at the Grassroots also helps illuminate the larger subject of political change in the South and in the nation as a whole

Lawrence, 2018-03-29 Toothless sapless and secretive Seeds of rebellion The class The reinforcements The revolution The Republican reformers Time to put on the long pants Thermador Assessing the 94th Before you can save the world you have to save your seat Coda for reform Unintended consequences *Diverging Parties* Jeff Stonecash, 2018-03-08 Party polarization in the House of Representatives has increased recently Explaining this development has been difficult given current interpretations of American elections The dominant framework for interpreting elections has been to see them as candidate centered or individualistic This book explains the emergence of party polarization by focusing on how the constituencies of House districts affect partisan outcomes and the subsequent voting behavior of House members The analysis is premised on the simple argument that members are elected from districts and an explanation of polarization must begin with districts The origins of polarization lie in the realignment of the electoral bases of the parties and the shifting demographic composition of America The analysis will focus primarily on changes since the 1960s
