Classical Christianity And Rabbinic Judaism Comparing Theologies:

Classical Christianity and Rabbinic Judaism Bruce D. Chilton, Jacob Neusner, 2012-02-01 Among the world's religions Christianity and Judaism are the most symmetrical But in our day of religious tolerance a tendency to overlook the vital differences between the two religions in the name of good will can undermine constructive Jewish Christian dialogue In this book Bruce D Chilton describes early Christian thought and Jacob Neusner describes early Judaic thought on fundamental issues such as creation and human nature Christ and Torah sin and atonement and eschatology At the end of each chapter each assesses the other's perspective and a final chapter explains why the authors believe theological confrontation not just comparison defines the task of interfaith dialogue today [Interaction Between Judaism and Christianity in History, Religion, Art, and Literature](#) Marcel Poorthuis, Joshua Jay Schwartz, Joseph Turner, 2009 This volume contains essays dealing with complex relationships between Judaism and Christianity taking a bold step assuming that no historical period can be excluded from the interactive process between Judaism and Christianity conscious or unconscious as either rejection or appropriation [A History of the Quests for the Historical Jesus, Volume 1](#) Colin Brown, Craig A. Evans, 2022-11-08 A comprehensive two volume reassessment of the quests for the historical Jesus that details their origins and underlying presuppositions as well as their ongoing influence on today's biblical and theological scholarship Jesus life and teaching is important to every question we ask about what we believe and why we believe it And yet there has never been common agreement about his identity intentions or teachings even among first century historians and scholars Throughout history different religious and philosophical traditions have attempted to claim Jesus and paint him in the cultural narratives of their heritage creating a labyrinth of conflicting ideas From the evolution of orthodoxy and quests before Albert Schweitzer's famous Old Quest to today's ongoing questions about criteria methods and sources A History of the Quests for the Historical Jesus not only chronicles the developments but lays the groundwork for the way forward The late Colin Brown brings his scholarly prowess in both theology and biblical studies to bear on the subject assessing not only the historical and exegetical nuts and bolts of the debate about Jesus of Nazareth but also its philosophical sociological and theological underpinnings Instead of seeking a bedrock of facts Brown stresses the role of hermeneutics in formulating questions and seeking answers Colin Brown was almost finished with the manuscript at the time of his passing in 2019 Brought to its final form by Craig A Evans this book promises to become the definitive history and assessment of the quests for the historical Jesus Volume One covers the period from the beginnings of Christianity to the end of World War II Volume Two sold separately covers the period from the post War era through contemporary debates [The Cambridge Companion to Jewish Theology](#) Steven Kepnes, 2020-12-17 The Cambridge Companion to Jewish Theology offers an overview of Jewish theology an aspect of Judaism that is equal in importance to law and ethics Covering the period from antiquity to the present the volume focuses on what Jews believe about God and also about the relation of God to humans and the world Parts I and II cover exciting new research

in Jewish biblical and rabbinic theology medieval philosophy Kabbalah mysticism and liturgy Parts III and IV turn to modern theology with an exploration of works by leading figures such as Rabbi Abraham I Kook Franz Rosenzweig and Emmanuel Levinas as well as the relation of theology to issues such as feminism and the Holocaust and the relation of Judaism to other world religions In Part V the book explores how the insights of analytic philosophy have been integrated with Jewish theology

The Documentary History of Judaism and Its Recent Interpreters Jacob Neusner, 2012-07-10 The result for the history of Judaism of a documentary reading of the Rabbinic canonical sources illustrates the working of that hypothesis It is the first major outcome of that hypothesis but there are other implications and a variety of new problems emerge from time to time as the work proceeds In the recent past Neusner has continued to explore special problems of the documentary hypothesis of the Rabbinic canon At the same time Neusner notes others join in the discussion that have produced important and ambitious analyses of the thesis and its implications Here Neuser has collected some of the more ambitious ventures into the hypothesis and its current recapitulations Neusner begins with the article written by Professor William Scott Green for the Encyclopaedia Judaica second edition as Green places the documentary hypothesis into the context of Neusner's entire oeuvre Neuser then reproduces what he regards as the single most successful venture of the documentary hypothesis contrasting between the Mishnah's and the Talmuds programs for the social order of Israel the doctrines of economics politics and philosophy set forth in those documents respectively Then come the two foci of discourse Halakhah or normative law and Aggadah or normative theology Professors Bernard Jackson of the University of Manchester England and Mayer Gruber of Ben Gurion University of the Negev treat the Halakhic program that Neusner has devised and Kevin Edgecomb of the University of California Berkeley has produced a remarkable summary of the theological system Neusner discerns in the Aggadic documents Neusner concludes with a review of a book by a critic of the documentary hypothesis [International Review of Biblical Studies, Volume 51 \(2004-2005\)](#) Bernhard Lang, 2006-02-01 Formerly known by its subtitle Internationale Zeitschriftenschau f r Bibelwissenschaft und Grenzgebiete the International Review of Biblical Studies has served the scholarly community ever since its inception in the early 1950's Each annual volume includes approximately 2 000 abstracts and summaries of articles and books that deal with the Bible and related literature including the Dead Sea Scrolls Pseudepigrapha Non canonical gospels and ancient Near Eastern writings The abstracts which may be in English German or French are arranged thematically under headings such as e g Genesis Matthew Greek language text and textual criticism exegetical methods and approaches biblical theology social and religious institutions biblical personalities history of Israel and early Judaism and so on The articles and books that are abstracted and reviewed are collected annually by an international team of collaborators from over 300 of the most important periodicals and book series in the fields covered

Soundings in the Religion of Jesus Bruce Chilton, Anthony Le Donne, 2012 Jesus was a Jew and not a Christian That affirmation may seem obvious but here an international cast of Jewish and Christian scholars spell out its weighty and often complex consequences for contemporary Jewish Christian dialogue *Soundings in the Religion of Jesus* contextualizes Jesus and the writings about him that set the stage for Jewish Christian relations for the next two thousand years Of equal importance this book considers the reception celebration and too often the neglect of Jesus Jewishness in modern contexts and the impact such responses have had for Jewish Christian relations Topics explored include the ethics of scriptural translation the ideological motives of Nazi theologians and other quests for the Historical Jesus and the ways in which New Testament portraits of Jesus both help and hurt authentic Jewish Christian dialogue
