Confucian Role Ethics A Vocabulary Chien Mu Lecture Series:

Confucian Role Ethics Roger T Ames, 2011-08-03 In this landmark work noted comparative philosopher Roger T Ames interprets how the classics of the Confucian canon portray the authentic ethical human being He argues that many distinguished commentators on Confucian ethics have explained the fundamental ideas and terms of this distinctively Chinese philosophy by superimposing Western concepts and categories effectively collapsing this rich tradition into a subcategory of virtue ethics Beginning by addressing the problem of responsible cultural comparisons Ames then formulates the interpretive context necessary to locate the texts within their own cultural ambiance Exploring the relational notion of person that grounds Confucian philosophy he pursues a nuanced understanding of the cluster of terms through which Confucian role ethics is expressed Drawing on Western and Chinese sources Ames provides a convincing argument that the only way to understand the Confucian vision of the consummate life is to take the tradition on its own terms Confucian Discourse and Chu Hsi's Ascendancy Hoyt Cleveland Tillman, 1992-01-01 A major transformation in thought took place during the Southern Sung 1127 1279 A new version of Confucian teaching Tao hsueh Confucianism what modern scholars sometimes refer to as Neo Confucianism became state orthodoxy a privileged status which it retained until the twentieth century Existing studies of the new Confucianism generally depict a single line of development to and from Chu Hsi 1130 1200 the greatest theoretician of the tradition In this study of unprecedented scope however Hoyt Cleveland Tillman offers an integrated intellectual history of the development of Tao hsueh Confucianism which for the first time places Chu Hsi within the context of his contemporaries Tillman's methodological strategy allows a rich complex picture of the Tao hsueh movement to emerge one that is sure to transform the field of Sung Confucianism To reconstruct the evolution of the Tao hsueh group Tillman studies a number of Confucians from four distinct periods reflecting the basic diversity that existed among them His discussion is deeply grounded in political and philosophical history and in research on the social networks that joined the members of the Tao hsueh group Within this framework he provides a vivid account of the changing scope of the movement tracing its development into a fellowship and at times a political faction and demonstrating its movement from diversity to gradually increasing exclusiveness particularly under the influence of Chu Hsi Close attention is given to confrontational writings and debates within the group which covered such issues as humaneness the function of the mind uses of the Book of Changes social welfare programs teaching methods expediency and the grounds for knowledge and authority A superbly erudite work *Confucian Discourse and Chu Hsi's Ascendancy* is an invaluable contribution to the study of the history of Confucian thought in China BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **Redefining Heresy and Tolerance** Hung Tak Wai, 2024-08-21 In *Redefining Heresy and Tolerance* Hung Tak Wai examines how the Qing empire governed Muslims and Christians under its rule with a non interventionist policy Manchu emperors adopted a tolerant attitude towards Islam and Christianity as long as political stability and loyalty

remained unthreatened However Hung argues that such tolerance had its limitations Since the mid eighteenth century the Qing court intentionally minimised the importance of the Islamic identity Restrictions were imposed on the Muslims external connections with Western Asia The Christian minority was kept distant from politics and the Han majority At the same time Confucian scholars began to acquire a new understanding of religion but they were not encouraged to get in touch with the Muslims and Christians This book demonstrates how from the late eighteenth to the early nineteenth century the Qing government prevented Confucian scholar bureaucrats from interfering in the religious life of Christians and Muslims and how the Confucians understanding of religion was reshaped during the implementation of such policy in the period This book reveals that a different kind of religious tolerance had already emerged among Sinophone intellectuals before their contact with the West This book goes beyond the assumption of a homogeneous Han society and pays attention to the religious groups that emerged after the seventeenth century which differed from or even contradicted Confucianism and other Chinese religions and it is concerned with how such alien communities influenced the development of Confucianism itself Wang Fan sen Academia Sinica This book significantly enriches our comprehension of how early modern Confucians as adherents of a state public religion engaged with Abrahamic religions By delving into the dynamics of interreligious interaction Redefining Heresy and Tolerance sheds new light on the encounters between Confucianism and the Abrahamic faiths offering fresh insights into the complex religious landscape of Asian culture Huang Chin shing Academia Sinica

'This Culture of Ours' Peter K. Bol,1994-08-01 This book traces the shared culture of the Chinese elite from the seventh to the twelfth centuries The early T ang definition of This Culture of Ours combined literary and scholarly traditions from the previous five centuries The late Sung Neo Confucian movement challenged that definition The author argues that the Tang Sung transition is best understood as a transition from a literary view of culture in which literary accomplishment and mastery of traditional forms were regarded as essential to the ethical orientation of Neo Confucianism in which the cultivation of one s innate moral ability was regarded as the goal of learning The author shows that this transformation paralleled the collapse of the T ang order and the restoration of a centralized empire under the Sung underscoring the connection between elite formation and political institutions Bulletin of the Atomic Scientists ,1969-02 The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security Founded by Manhattan Project Scientists the Bulletin s iconic Doomsday Clock stimulates solutions for a safer world *Arts & Humanities Citation Index* ,1987 A multidisciplinary index covering the journal literature of the arts and humanities It fully covers 1 144 of the world s leading arts and humanities journals and it indexes individually selected relevant items from over 6 800 major science and social science journals A Chinese Ethics for the New Century Donald J. Munro,2005 A link between evolutionary biology and Chinese ethics runs through the essays in this volume Many advances since the 1960s and 1970s within the fields of biology psychology and neurology are presented These findings advance our knowledge of how the

mind functions paying special attention to social behavior Munro focuses on the meaning of these developments specifically for the study of Confucian ethics and broadly for Chinese contributions to international discussion of moral topics **Who's who in America** ,1995 *Forthcoming Books* Rose Arny,1997 **Human Becomings** Roger T. Ames,2020-12-01 2021 CHOICE Outstanding Academic Title In Human Becomings Roger T Ames argues that the appropriateness of categorizing Confucian ethics as role ethics turns largely on the conception of person that is presupposed within the interpretive context of classical Chinese philosophy By beginning with first self consciously and critically theorizing the Confucian conception of persons as the starting point of Confucian ethics Ames posits that the ultimate goal will be to take the Confucian tradition on its own terms and to let it speak with its own voice without overwriting it with cultural importances not its own He argues that perhaps the most important contribution Confucian philosophy can make to contemporary ethical social and political discourse is the conception of focus field relationally constituted persons as a robust alternative to the ideology of individualism with single actors playing to win
