Constant Political Writings:

Constant: Political Writings Benjamin Constant, 1988-11-10 This 1988 book is an English translation of the major political works of Benjamin Constant
Constant: Political Writings Benjamin Constant, 1988-10-28 Classic definitions of modern liberal doctrine emerge from the first English translation of the major political works of Benjamin Constant 1767 1830 one of the most important of the French political theorists **The Political Writings of Benjamin Constant** Benjamin

Constant, 1988 Benjamin Constant Biancamaria Fontana, 1988 **Mme de Staël and Political Liberalism in France** Chinatsu Takeda, 2018-07-31 This book sheds light on the unique aspects of communal liberalism in Mme de Staël's writings and considers her contribution to nineteenth century French liberal political thought Focusing notably on the *Considérations sur les principaux événements de la Révolution française* it examines the originality of Staël's liberal philosophy Rather than contrasting liberalism with either multiculturalism or republicanism the book argues that Staël's communal liberalism challenges the conventions of nineteenth century political thought notably through her assertion of the need to institutionalize an organic intermediary connecting the two spheres an idea later advanced by thinkers such as Jürgen Habermas Offering a critical reappraisal of Staël's multifaceted work this book assesses the political impact of her work arguing that the political influence of the *Considérations* permeates the liberal historiography of the French Revolution up to the present day **Milton: Political Writings** John Milton, 1991-02-21 John Milton was not only the greatest English Renaissance poet but also devoted twenty years to prose writing in the advancement of religious civil and political liberties The height of his public career was as chief propagandist to the Commonwealth regime which came into being following the execution of King Charles I in 1649 The first of the two complete texts in this volume *The Tenure of Kings and Magistrates* was easily the most radical justification of the regicide at the time In the second *A Defence of the People of England* Milton undertook to vindicate the Commonwealth's cause to Europe as a whole This book first published in 1991 was the first time that fully annotated versions were published together in one volume and incorporated a new translation of the *Defence* The introduction outlines the complexity of the ideological landscape which Milton had to negotiate and in particular the points at which he departed radically from his sixteenth century predecessors Rousseau: The Discourses and Other Early Political Writings Jean-Jacques Rousseau, 2019 *Discourse on the sciences and arts* or *First discourse* *Discourse on the origin and foundations of inequality among men* or *Second discourse* Rousseau's notes *Letter to Voltaire* *Essay on the origin of languages* *Idea of the method in the composition of a book* *Discourse on the virtue a hero most needs* or *On heroic virtue*

Priestley: Political Writings Joseph Priestley, 1993-06-03 Joseph Priestley 1733 1804 was arguably one of the most important and interesting English theorists to focus on the issue of political liberty during the English Enlightenment His concept of freedom is of crucial importance to two of the major issues of his day the right of dissenters to religious toleration and the right of the American colonists to self government Despite the fundamental importance of both these themes in

liberal political theory and their contemporary relevance to national self determination Priestley s writings lack a modern edition This new collection will be the first to make accessible to students Priestleys *Essay on the First Principles and The Present State of Liberty* which encapsulate his political ideology An introduction and notes together with guides to further reading and key figures in the text provide the student with all the material necessary for approaching Priestley

Rousseau: The Social Contract and Other Later Political Writings Jean-Jacques Rousseau, 2019 The new edition of this comprehensive and authoritative anthology of Rousseau s major later political writings in up to date English translations

Ideologies and Political Theory Michael Freeden, 1996-10-24 Ideologies play a crucial role in the way the political world is shaped Using the political experience of Britain France Germany and the USA this work examines political ideologies such as liberalism conservatism feminism and green politics
