MoMA Artist Series Carolyn Lanchner, Museum of Modern Art (New York, N.Y.), 2010 Text by Carolyn Lanchner

Constantin Brancusi Museum of Modern Art (New York, N.Y.), 2012 In the evolution of modern sculpture few artists were as pivotal as Constantin Brancusi who pioneered a shift from the traditional modeling of figures to the creation of objects that are things in themselves This volume of the MoMA Artist Series features ten sculptures by Brancusi from The Museum of Modern Art's collection of his work opening with *Maiestra* 1910-12 the first appearance of Brancusi's bird motif and concluding with *Bird in Space* c. 1941 one of the last With other examples of the artist's recurring subjects fish columns ovoid heads crowing roosters they illustrate his enduring engagement with form material and representation **MoMA**

Artist Series Boxed Set, Volume One, 2014-02-28 Featuring artwork from The Museum of Modern Art's extraordinary collection each volume in the MoMA Artist Series guides readers through one artist's most memorable achievements explaining their significance and placing them in context among the ground breaking innovations of their time The first set presents the pivotal work of six artists who shaped the trajectory of modern art Constantin Brancusi Paul Cézanne Joan Miró Claude Monet Pablo Picasso and Vincent van Gogh **Constantin Brancusi** Carolyn Lanchner, 2010 Text by Carolyn Lanchner

Duncan and Marjorie Phillips and America's First Museum of Modern Art Pamela Carter-Birken, 2021-07-06 He was born to privilege and sought the world of art She lived at the center of that world a working artist encouraged by the famous artists in her extended family Together Duncan Phillips and Marjorie Acker Phillips founded The Phillips Collection in Washington D.C. the first museum of modern art in America It opened in the grand Phillips family home in 1921 eight years before New York City's Museum of Modern Art and only a few weeks after they wed Duncan took the lead in developing the collection and showcasing it Marjorie kept space and time to paint Duncan considered Marjorie a partner in the museum even though she was not directly involved in all purchasing and presentation decisions To him her influence was omnipresent Although Duncan's writings on artists and art history were widely published he chose not to provide much instruction for visitors to the museum Instead he combined signature methods of displaying art which live on at The Phillips Collection Phillips had viewers in mind when he hung American art with European art or art of the past with modern art and he frequently rearranged works to stimulate fresh encounters With unfettered access to archival material author Pamela Carter Birken argues that The Phillips Collection's relevancy comes from Duncan Phillips's commitment to providing optimal conditions for personal exploration of art In depth collecting of certain artists was one of Phillips's methods of encouraging independent thinking in viewers Paintings by Pierre Bonnard Arthur Dove Georgia O'Keeffe John Marin Jacob Lawrence and Mark Rothko provide testament to the power of America's first museum of modern art **Warhol** Blake Gopnik, 2020-04-28 The definitive biography of a fascinating and paradoxical figure one of the most influential artists of his or any age To this day mention the name Andy Warhol to almost anyone and you'll hear about his famous images of soup cans

and Marilyn Monroe But though Pop Art became synonymous with Warhol's name and dominated the public's image of him his life and work are infinitely more complex and multi-faceted than that In Warhol esteemed art critic Blake Gopnik takes on Andy Warhol in all his depth and dimensions The meanings of his art depend on the way he lived and who he was as Gopnik writes That's why the details of his biography matter more than for almost any cultural figure from his working class Pittsburgh upbringing as the child of immigrants to his early career in commercial art to his total immersion in the performance of being an artist accompanied by global fame and stardom and his attempted assassination The extent and range of Warhol's success and his deliberate attempts to thwart his biographers means that it hasn't been easy to put together an accurate or complete image of him But in this biography unprecedented in its scope and detail as well as in its access to Warhol's archives Gopnik brings to life a figure who continues to fascinate because of his contradictions he was known as sweet and caring to his loved ones but also a coldhearted manipulator a deep thinking avant gardist but also a true lover of schlock and kitsch a faithful churchgoer but also an eager sinner skeptic and cynic Wide ranging and immersive Warhol gives us the most robust and intricate picture to date of a man and an artist who consistently defied easy categorization and whose life and work continue to profoundly affect our culture and society today

The Postmodernist Turn J. David Hoeveler, Jr., 2004-10-05 During the 1970s the United States became the world's preeminent postindustrial society The new conditions changed the way Americans lived and worked and even their perceptions of reality Americans struggled to find their place in a world where symbol became more important than fact appearance more important than reality where image

supplanted essence In this reassessment of a little studied decade J David Hoeveler Jr finds that the sense of detachment and dislocation that characterizes the postindustrial society serves as a paradigm for American thought and culture in the 1970s The book examines major developments in literary theory philosophy architecture and painting as expressions of a 1970s consciousness Hoeveler also explores the rival political readings of these subjects and considers the postmodernist phenomenon as it became an ideological battleground in the decade Clear and engaging the work will be of great interest to historians theorists and everyone who wants to further explore the 1970s
