L Darling-Hammond

De Mandarijn Van Parijs Een Kritische Blik Op Sartre:

De mandarijn van Parijs Olivier Todd, Jeanne Holierhoek, 1983 Analyse van werk en leven van de Franse schrijver en filosoof Jean Paul Sartre 1905 1980 Philosophy as Passion Karen Vintges, 1996 Philosophy as Passion refutes the commonly held view of Simone de Beauvoir as no more than an acolyte of Jean Paul Sartre Karen Vintges delineates Beauvoir's independent original ethics and philosophy drawing on the moral philosophical treatises of the 1940s and 50s *The Second Sex* *The Mandarins* and her autobiographical works Vintges shows that Beauvoir's unique notions added an ethical dimension to existentialist philosophy Drawing on Foucault's concept of ethics as an art of living Vintges shows how Beauvoir developed an individual ethic as an intellectual woman *Philosophy as Passion* illustrates how closely Beauvoir's life and work were intertwined how she lived her philosophy and philosophized her life Brinkman's cumulatieve catalogus van boeken, 1983 Voorts een alfabetische lijst van Nederlandsche boeken in België uitgegeven **Civis mundi**, 1986 **Brinkman's catalogus van boeken en tijdschriften**, 1989 With 1901 1910 1956 1960 Repertorium is bound Brinkman's Titel catalogus van de gedurende 1901 1910 1956 1960 Title varies slightly **Baudelaire** Jean-Paul Sartre, 1950 Sartre's study of Baudelaire is one of the more brilliant achievements of modern criticism He turned abstractions like Existence and Being Freedom and Nature into a theory of psychoanalysis grounded in man's creativity and opposed to Freudian determinism Then he put the theory into practice in this book on Baudelaire **Jean-Paul Sartre** Catharine Savage Brosman, 1983 Gives a brief bio discusses his philosophy and then critically evaluates his fiction and drama Sartre Christina Howells, 2014-09-19 First published in 1996 This text provides an introduction to the historical and cultural context of Sartre and his work It explores and explains the conflicting critical reactions to Sartre's work A glossary of critical terms and cultural references provides background information Adieux Simone de Beauvoir, Jean-Paul Sartre, 1984 From the Dust Jacket In *Adieux* A Farewell to Sartre Simone de Beauvoir uses Jean Paul Sartre's last ten years as a focus for understanding his entire life Through her eyes we see an intimate portrait of the man who was widely recognized as one of the greatest thinkers of the twentieth century the foremost philosopher of existentialism a Nobel Prize winning playwright and a central figure in almost every major philosophical political literary and social issue of our time De Beauvoir was Sartre's closet friend his intellectual companion and intermittently his lover from his early twenties until his death It is she who tells his story in *Adieux* She begins with a year by year memoir of Sartre's last decade his political involvements his work on Flaubert his friendships his relationship with her his slow demise The second and longer part of the book is a conversation between Sartre and De Beauvoir about his entire life and work Unguarded lucid and incisive Sartre talks about the origins of his philosophy the inspiration for his fiction and the conviction behind his activism But more than a philosophical book *Adieux* is a personal dialogue of astonishing candor Sartre openly discusses his relationships with women a subject which seems to pain De Beauvoir even now his ugliness his fear of passion And in one of the most moving passages in *Adieux* De Beauvoir anticipates

Sartre's death She knows he is dying but she cannot tell him Existentialism's acceptance of death does not console her
Adieux reveals the inner Sartre and the inner De Beauvoir and illuminates one of the most extraordinary relationships of our
century *Jean-Paul Sartre* Benjamin Suhl, Benjamin Suhl, Columbia University Press Columbia University Pr, 1999-06-02
