Die Cholera-Epidemie in Hamburg 1892 Ferdinand Hueppe, 1893 **Die Cholera-Epidemie in Hamburg 1892** Hueppe, 1893 **Death in Hamburg** Richard J. Evans, 2005-10-25 A tremendous book the biography of a city which charts the multifarious pathways from bacilli to burgomaster Roy Porter London Review of Books Why were nearly 10 000 people killed in six weeks in Hamburg while most of Europe was left almost unscathed As Richard J Evans explains it was largely because the town was a free city within Germany that was governed by the English ideals of laissez faire The absence of an effective public health policy combined with ill founded medical theories and the miserable living conditions of the poor to create a scene ripe for tragedy The story of the cholera years is in Richard Evans s hands tragically revealing of the age s social inequalities and governmental pitilessness and incompetence it also offers disquieting parallels with the world s public health landscape today including the current coronavirus crisis **Contagion and the State in Europe, 1830-1930** Peter Baldwin, 1999-08-19 This book is a groundbreaking study of the historical reasons for the divergence in public health policies adopted in Britain France Germany and Sweden and the spectrum of responses to the threat of contagious diseases such as cholera smallpox and syphilis In particular the book examines the link between politics and prevention Did the varying political regimes influence the styles of precaution adopted Or was it as Peter Baldwin argues a matter of more basic differences between nations above all their geographic placement in the epidemiological trajectory of contagion that helped shape their responses and their basic assumptions about the respective claims of the sick and of society and fundamental political decisions for and against different styles of statutory intervention Thus the book seeks to use medical history to illuminate broader questions of the development of statutory intervention and the comparative and divergent evolution of the modern state in Europe **Exodus von Wissenschaften aus Berlin** Wolfram Fischer, 1994 Keine ausf hrliche Beschreibung f r Exodus von Wissenschaften aus Berlin verf gbar **Mending Bodies, Saving Souls** Guenter B. Risse, 1999-04-15 This is a brilliant original and broadly defined history of the hospital drawing extensively on narratives written by patients and caregivers to give vivid pictures of hospital life at key stages in the development of the institution
