Created For Community Connecting Christian Belief With Christian Living:

Created for Community Stanley J. Grenz, 1998-08 Makes theology accessible to a wider audience introducing readers to the core doctrines of the Christian faith and encouraging them to connect belief with everyday life **Created for Community** Stanley J. Grenz, Jay T. Smith, 2015-01-13 This revised edition of a classic college level introduction to theology presents the core doctrines of the Christian faith encouraging readers to connect belief with everyday life Stanley Grenz one of the leading evangelical scholars of his era and Jay Smith an expert on Grenz's theological legacy construct a helpful theology that is biblical historical and contemporary The third edition includes a foreword by John Franke a new preface and afterword resources for further study and updated footnotes The book's easy to use format includes end of chapter discussion questions and connects theological concepts with current cultural examples Created for Community Stanley J. Grenz, 1996 With a passion for communicating to today's postmodern generation Grenz uses the resources of the biblical message the heritage of the church and the thought forms of our culture as tools to construct a helpful theology that is biblical historical and contemporary With the goal of offering a systematic statement of the faith in a manner that can speak to contemporary culture he centers his reflections around the concept of community This focus encapsulates the biblical message stands at the heart of the church's theological heritage and speaks to the needs of people in today's world Features illustrations and sidebars November 98 publication date Copyright Libri GmbH All rights reserved **The Pedagogy of Shalom** HeeKap Lee, Paul Kaak, 2016-11-25 Based on the teachings of Jesus and a biblical foundation this book presents a new framework for education and teaching referred to as the shalom education model that addresses four essential questions in education why teach what to teach how to teach and who are teachers After explaining the theoretical background of shalom the book investigates a range of contemporary educational issues including gender identity bullying disability linguistic and cultural diversity and social justice and presents practical guidelines that can be applied to classroom teaching The book also emphasizes the role of teachers as missional leaders who help students unlock their full potential Worship Beyond Nationalism Rob Hewell, 2012-02-01 The church in the United States faces a dilemma How is it possible for Christ's followers to worship faithfully in a nationalistic environment where religion and politics enjoy a vigorous affiliation while the separation of church and state is celebrated as the standard for the relationship between nation and faith When nationalism propagates itself through a cross pollination of the stories symbols and celebrations of the nation state and religious groups the stage is set for a national history bearing the character of sanctified legend Such resulting civil religious activity is likely to create dissonance for Christ's followers between what they understand to be biblically faithful and what nationalistic practices may endorse as religiously valid Worship Beyond Nationalism explores faithful worship as a political act by which Christians declare their allegiance to God in Christ rather than to worldly empires enabling congregations to enact the reality of God's kingdom and embody the gospel for the glory of God and for the sake of the world *Foundations of Education*

Matthew Bruce Etherington, 2014-06-20 Ideas about education have consequences This book edited by Matthew Etherington provides readers with ideas and insights drawn from fifteen international scholars in Christian thought within the fields of philosophy theology and education Each author responds to the philosophical historical and sociological challenges that confront their particular line of educational inquiry The authors offer a view of Christian education that promotes truth human dignity peace love diversity and justice The book critically analyzes public discourse on education including the wisdom actions recommendations and controversies of Christian education in the twenty first century This timely book will appeal to those concerned with Christian perspectives on education Aboriginality gender history evangelism secularism constructivism purpose hope school choice and community

Gospel Portraits K. Rex Butts, 2022-05-17 Many people realize that the cultural landscape of North America has shifted significantly With such changes new challenges for how churches live as a proclamation of the gospel have and continue to emerge These challenges are related to the church's participation in the mission of God and particularly how local churches live faithfully to God while remaining relevant to such challenges Because Scripture is revered as God's word this matter also pertains to the way churches read Scripture since the Bible does shape how churches embody the gospel *Gospel Portraits* addresses the intersection of mission and hermeneutics for churches within their local contexts Believing the gospel calls the church to follow Jesus and bear witness to the kingdom of God this book proposes that churches should read the Bible as a Christ centered and kingdom oriented narrative This reading of Scripture allows churches to reimagine how they might embody the gospel within their local contexts Discerning what a contextual embodiment of the gospel involves churches portray God's new creation in ways that are coherent with the biblical story and relevant to their local context In doing so churches live as Christ formed and Spirit led communities portraying the gospel

The Community of the Weak Hans-Peter Geiser, 2013-03-28 Social postmodernism and systematic theology can be considered the new pair in some of the most creative discussions on the future of theological method on a global scale Both in the academy and in the public square as well as in the manifold local and pastoral moments of ministry and community social activism the social the postmodern and the theological intermingle in engaging and border crossing ways *The Community of the Weak* presents a new kind of jazzy fundamental theology with a postmodern touch using jazz as a metaphor writing ethnographically messy texts out of the personal windows of lived experiences combining fragments of autobiography with theological reconstruction A comparative perspective on North American and European developments in contemporary systematic theology serves as a hermeneutical horizon to juxtapose two continents in their very different contexts The author proposes a systematic and fundamental theology that is more jazzy global and narrative deeply embedded in pastoral ministry to tell its postmodern story

The Crisis of Conversion J. August Higgins, 2024-06-25 This book attempts to identify a central problem within the North American evangelical imagination around the issue of religious experience and its relationship to the basic hermeneutical stance of biblical and theological interpretation The relatively

recent emergence of the academic discipline of Christian spirituality offers a new set of methodological insights that may help to mediate the theological impasse between more conservative and progressive perspectives concerning the appropriate role of human experience for evangelical thought and practice Specifically we will explore the experience of religious conversion that lies at the center of evangelical spirituality in critical dialogue with the challenges and opportunities brought about by recent philosophical discourse and the postmodern turn variously understood

Perichoretic Salvation James D. Gifford Jr., 2011-09-15 For two thousand years Christian theologians have struggled to explain the believer's union with Christ What sort of union is it How can it be fully described This book is an attempt to join the conversation to explore exactly what it means to be in union with Christ This book will argue that the believer's union with Christ can rightly be presented as a third type of perichoresis Perichoresis is a word that describes the way the persons of the Trinity interrelate without losing their essential oneness nor without being absorbed into each other In short the doctrine of perichoresis preserves the unity and diversity within the Godhead It is also used to describe the hypostatic union of the divine and human in Christ In Perichoretic Salvation James Gifford argues that the union of the believer and Christ is a relationship of the same kind though of a third type Arguing from a perspective that is rooted biblically historically and theologically the book will allow the union to be explained more fully than in the past while remaining within the bounds of what the church has taught over the centuries It may prove to be a basis for understanding the work of Christ afresh for the twenty first century
