Santa Claus Man Alex Palmer, 2015-10-01 The true story of John Duval Gluck Jr who in 1913 founded the Santa Claus Association which had the sole authority to answer Santa's mail in New York City He ran the organization for 15 years gaining fame for making the myth of Santa a reality to poor children by arranging for donors to deliver the toys they requested until a crusading charity commissioner exposed Gluck as a fraud The story is wide in scope interweaving a phony Boy Scout group kidnapping stolen artwork and appearances by the era's biggest stars and New York City's most famous landmarks The book is both a personal story and a far reaching historical one tracing the history of Christmas celebration in America and the invention of Santa Claus **Organizing Christmas** Philip Hancock, 2023-08-11

Organizing Christmas is an exploration of the organizational character of Christmas Taking as its starting point the view that Christmas initially achieved popularity due to its potential to promote social cohesion and political stability this book both charts and scrutinizes its global emergence as the year's preeminent economic and organizational event Combining historical narrative original interviews and social scientific research and theories it tells the story of how Christmas has come to dominate the festival landscape and how it emerged as an integral component of the global evolution of contemporary social and economic relations From the pre-Christian celebrations and politics of the turning of the calendar year through the power games of Elizabethan England and

the wily reinvention of the season by industrious Victorians to today's huge economic and logistical exercise that relies on everything from global supply chains to the domestic division of labour. Organizing Christmas demonstrates how the season exemplifies the spirit and practices of industrial and now post industrial modernity. As well as documenting this fact, however, Organizing Christmas also critically interrogates what has become a vast festive industrial complex. From low paid factory workers in Yiwu to Santa Claus performers in Kingston, readers are given a chance to consider what the cost of this global festival might be and whether it is a price worth paying. Drawing on intellectual resources ranging from Adorno and Horkheimer's classic critique of the culture industry through Bhome's analysis of the sociomaterial production of atmospheres to Bloch's principle of hope, it paints a picture of Christmas as a profoundly important if deeply contested historical, cultural and most significantly organizational phenomenon. Aimed at students and academics in Organization Studies, Cultural Studies and the Sociology of Work and Employment, as well as the general reader interested in the festive season, Organizing Christmas offers a differing perspective on a subject so familiar and yet so often overlooked.

Hope for the Holidays Jarzembowski, Paul E., 2023. There are not many books that empathize with people who feel lost and hopeless at the holidays and then earnestly desire to help them towards finding new hope. Too often in books about this time of year there is an assumption that everyone at Thanksgiving and Christmas is happy, excited and faith filled. By writing it creatively through the lens of A Christmas Carol, whose main character is known to so many people as one who makes this spiritual journey, this book takes a unique turn.

Midcentury Christmas: Holiday Fads, Fancies, and Fun from 1945 to 1970 Sarah Archer, 2016-10-18. A celebration of Christmas in the 1950s and 60s, Midcentury America was a wonderland of department stores, suburban cul-de-sacs and Tupperware parties. Every kid on the block had to have the latest cool toy, be it an Easy Bake Oven for pretend baking, a rocket ship for pretend space travel or a Slinky just because. At Christmastime, postwar America's dreams and desires were on full display from shopping mall Santas to shiny aluminum Christmas trees, from the Grinch to Charlie Brown's beloved spindly Christmas tree. Now design maven Sarah Archer tells the story of how Christmastime in America rocketed from the Victorian period into Space Age thanks to the new technologies and unprecedented prosperity that shaped the era. The book will feature iconic favorites of that time, including a visual feast of Christmastime eats and recipes from magazines and food and appliance makers, Christmas cards from artists and designers of the era featuring Henry Dreyfuss, Charles Ray Eames and Alexander Girard, vintage how-to templates and instructions for holiday decor from Good Housekeeping and the 1960s craft craze. Advice from Popular Mechanics on how to glamorize your holiday dining table. Decorating advice for your new Aluminum Christmas Tree from ALCOA, the Aluminum Company of America. The first American made glass ornaments.
