PLOT SUMMARY

A Christmas Carol is a novella by Charles Dickens about Ebenezer Scrooge, an old man who is well-known for his miserly ways.

On Christmas Eve, Scrooge is visited by a series of ghosts, starting with his old business partner, Jacob Marley. The three spirits which follow, the Ghosts of Christmas Past, Christmas Present and Christmas Yet To Come, show Scrooge how his mean behaviour has affected those around him.

At the end of the story he is allowed to discover that there is still time for him to change and we see him transformed into a generous and kind-hearted human being.

A Christmas Carol is one of the best-known works by the Victorian novelist Charles Dickens (1812–1870). It tells the story of Ebenezer Scrooge, a rich but cold-hearted man who is shown the importance of kindness and generosity. One cold and foggy Christmas Eve, Scrooge is haunted by the ghost of his former business partner, Jacob Marley, who warns that Scrooge's soul is doomed if he doesn't change his miserly ways. Scrooge is then visited by three spirits, who show him visions of past, present and future Christmas in turn. Through the visions, Scrooge begins to understand the errors of his past and he wakes on Christmas Day a changed man, promising to do good in the world and help those less fortunate than himself. Through the story, Dickens uses the backdrop of Christmas to comment on the social problems that troubled Victorian Britain and explore themes of Christmas tradition, family and redemption.
