Chinas Evolving Approach To Peacekeeping:

China's Evolving Approach to Peacekeeping Marc Lanteigne, Miwa Hirono, 2013-09-13 China has become an enthusiastic supporter of and contributor to UN peacekeeping Is China s participation in peacekeeping likely to strengthen the current international peacekeeping regime by China s adopting of the international norms of peacekeeping Or on the contrary is it likely to alter the peacekeeping norms in a way that aligns with its own worldview And as China s international confidence grows will it begin to consider peacekeeping a smaller and lesser part of its international security activity and thus not care so much about it This book aims to address these questions by examining how the PRC has developed its peacekeeping policy and practices in relation to its international status It does so by bringing in both historical and conceptual analyses and specific case oriented discussions of China s peacekeeping over the past twenty years The book identifies the various challenges that China has faced at political conceptual and operational levels and the ways in which the country has dealt with those challenges and considers the implication of such challenges with regards to the future of international peacekeeping This book was originally published as a special issue of International Peacekeeping

China's Evolving Approach to UN Peacekeeping in Africa Cedric de Coning,2022

The End of China's Non-Intervention Policy in Africa Obert Hodzi,2018-10-22 This book gives a compelling analysis and explanation of shifts in China s non intervention policy in Africa Systematically connecting the neoclassical realist theoretical logic with an empirical analysis of China s intervention in African civil wars the volume highlights a methodical interlink between theoretical and empirical analysis that takes into consideration the changing status of rising powers in the global system and its effect on their intervention behaviour Based on field research and expert interviews it provides a rigorous analysis of China s emergent intervention behaviour in some key African conflicts in Libya South Sudan and Mali and broadens the study of external interventions in civil wars to include the intervention behaviour of non Western rising powers Obert Hodzi is Visiting Researcher at the African Studies Center Boston University USA and Postdoctoral Researcher at the University of Helsinki Finland

China and the International Human Rights Regime Rana Siu Inboden,2021-03-18 Prior to China s entry into the United Nations UN in 1971 there was fierce debate about its anticipated behavior and impact Proponents of Chinese membership argued that integration into the United Nations would ultimately change or civilize the People s Republic of China PRC while skeptics countered that the the UN is not going to serve as a reform school for Peking and that China was likely to attempt to alter the international system When Chinese Communist Party CCP leaders failed to challenge the existing global order and eventually adjusted their own priorities and goals to fit into it and even benefit from the prevailing international order its behavior alleviated concerns of destructive behavior Yet the larger question of China s longer term impact on and role in international regimes remains an open question Even if the PRC has not acted as a spoiler of the international system are there subtle yet significant ways that it has pursued change toward international regimes This question become more pressing and salient with China s ascendance and rising weight in global politics especially given indications that it is shedding its earlier status quo posture and shifting to a more assertive one As scholar Elizabeth Economy noted in a June 2018 speech PRC President Xi Jinping put the world on notice China has its own ideas about how the world should be run and is prepared as he put it to lead in the reform of global

governance Scholars have begun grappling with Peacekeeping in Africa Marco Wyss, Thierry Tardy, 2014-02-24 This book provides a comprehensive analysis of peacekeeping in Africa Recent events in the Democratic Republic of Congo DRC and Mali remind us that violence remains endemic and continues to hamper the institutional social and economic development of the African continent Over the years an increasing number of actors have become involved in the effort to bring peace to Africa The United Nations UN has been joined by regional organisations most prominently the African Union AU and the European Union EU and by sub regional organizations like the Economic Community of West African States ECOWAS Meanwhile traditional and emerging powers have regained an interest in Africa and as a consequence in peacekeeping This book provides a comprehensive analysis of the trends and challenges of international peacekeeping in Africa with a focus on the recent expansion of actors and missions Drawing upon contributions from a range of key thinkers in the field Peacekeeping in Africa concentrates on the most significant and emerging actors the various types of missions and the main operational theatres thus assessing the evolution of the African security architecture and how it impacts on peace operations This book will be of much interest to students of peacekeeping and peace operations African politics war and conflict studies security studies and IR
