

EXTENSION OF THE COLD WAR: CASE STUDY: CHINA(PAPER 1: ESSAY QUESTION)

How the Communist Party under Mao Zedong came to power in China:

- At the end of WW2 (1945) Japan was defeated and withdrew from China.
- Civil War now continued between the Chinese Communist Party (CCP) under Mao Zedong and the Nationalist (KMT) government. The Kuomintang (KMT) was led by Chiang Kai-shek. (Kuomintang is also translated as Guomindang.)
- The Americans tried to convince Mao Zedong and Chiang Kai-shek to make peace with each other but when this failed the USA supplied the anti-Communist KMT with aid while the CCP was helped by the USSR. (The Cold War had begun.)
- In 1949 the communists with an army of 5 million (mainly peasants) won the civil war and Chiang and the remainder of his KMT forces (2 million people) fled to the island of Taiwan. Chiang declared that Taiwan was the Republic of China (ROC)
- On 1 October 1949 Mao Zedong proclaimed the new People's Republic of China with himself as both the Chairman of the CCP and the President of the PRC.
- The USA supported Taiwan (ROC) and refused to recognize* the People's Republic of China (PRC= mainland China) while the USSR supported the PRC and refused to recognize Taiwan. (*recognize: to formally accept the status of a new government)
- Once in power, the CCP moved swiftly to ensure total control of China. No government had been able to unite China since the overthrow of the Qing Dynasty in 1911 and the country had been devastated by years of war. The vast population of 550 million was faced with hunger, poverty, disease, and 80% illiteracy.
- Mao Zedong was determined to turn China from a backward peasant society into a modern industrial nation.

Muller, 2020-01-15 Since its first appearance *Geography Realms Regions and Concepts* has consistently broken new ground in the interpretation and teaching of world regional geography For more than four decades *REGIONS* as it has come to be called has explained the contemporary world's geographic realms and their natural environments and human dimensions The authors look at the ways people have organized their living space adapted to changing social as well as environmental circumstances and continue to confront forces largely beyond their control ranging from globalization to climate change This book was the first to introduce an approach to Geography that meshes theoretical concepts with regional realities The evolving regional content of the chapters in *REGIONS* 18th Edition reflects the dynamic nature of the world's geography the changing and growing number of concepts mirror the progress of the discipline and the ongoing introduction of new digital features reflects the instructional possibilities of new technologies **Communicating Effectively During a Health Crisis** Devjani Sen, Rukhsana Ahmed, 2024-07-31 Exploring how and why communication breakdowns occur during pandemics and world disasters this book offers solutions for improving communication and managing future public health crises A compilation of evidence based lessons learned this book shows how to effectively convey critical lifesaving information during a pandemic It assesses how trust in leaders and governments during a public health crisis is formed and the impact this has on how information is perceived by the public Using the COVID 19 pandemic as a case study the book demonstrates how informative policy decisions and health risk messages can be better communicated for the handling of future pandemics At a macro level the book looks at issues concerning situational awareness how different countries managed or mismanaged the pandemic and the lessons readers can learn from those occurrences At a micro level it examines individual differences in public health message perceptions and corresponding actions taken or not taken An interdisciplinary critique of the delivery and reception of messages during global disasters this text is suitable for undergraduate and graduate courses in Communication Studies Health Communication Risk Communication and Public Health Psychology Sociology and Disaster Management *FranklinCovey Style Guide* Stephen R. Covey, 2012-06-07 *FranklinCovey Style Guide* For Business and Technical Communication can help any writer produce documents that achieve outstanding results Created by FranklinCovey the world renowned leader in helping organizations enhance individual effectiveness this edition fully reflects today's online media and global business challenges The only style guide used in FranklinCovey's own renowned *Writing Advantage*™ and *Technical Writing Advantage*™ programs it covers everything from document design and graphics to sentence style and word choice This edition's many improvements include extensive new coverage of graphics writing for online media and international business English Through dozens of examples and model

documents writers learn how to overcome writer's block and efficiently create documents from start to finish Franklin Covey's experts show how to get powerful results from every email add distinctiveness and power to any online presence write far more effective proposals letters memos reports and resumes and improve all forms of documentation from business procedures to highly technical content You'll learn how to quickly discover and prioritize the information you need whether you're planning a presentation leading a meeting or managing a project The authors reveal how to design visuals that communicate messages instantly and intuitively and use charts color illustrations maps photos and tables to supercharge any presentation Packed with up to the minute examples this A-Z guidebook can help you write more effectively no matter who you are whether you're a business or sales professional who must motivate and persuade a technical professional who must explain challenging content more clearly and accurately or a student who needs stronger writing skills to succeed in school and in your career *Educators Guide to Free Videotapes: Elementary/Middle School* Educators Progress Service, 2003-04

The World Today Jan Nijman, Michael Shin, Peter O. Muller, 2020-03-24 In the 8th edition of this market leading title *The World Today* continues to break new ground in the interpretation and teaching of world regional geography The text explains the contemporary world's geographic realms in terms of their natural environments and human dimensions in a clear and concise fashion The authors look at the ways people have organized their living space adapted to changing social as well as environmental circumstances and continue to confront forces largely beyond their control ranging from globalization to climate change This book offers an approach to Geography that meshes theoretical concepts with regional realities The evolving regional content of the chapters in the 8th edition of *The World Today* reflects the dynamic nature of the world's geography the changing and growing number of concepts mirror the progress of the discipline and the ongoing introduction of new digital features reflects the instructional possibilities of new technologies Communication, Public Discourse, and Road Safety Campaigns Nurit Guttman, 2014-06-05 This book discusses the use of communication campaigns to promote road safety arguing that they need to elicit public discourse on issues pertaining to culture equity gender workplace norms environmental issues and social solidarity Increasingly new media channels and formats are employed in the dissemination process making road safety related messages ubiquitous and often controversial Policy makers educators researchers and the public continue to debate the utility and morality of some of the influence tactics employed in these messages such as the use of graphic images of injury or death stigmatization or blame and shame and the use of black humor Guttman argues that influencing road safety requires making changes in normative and cultural conceptions of broader issues in society yet the typical discourse on road safety tends to focus on individual attitudes and practices The book highlights the importance of social and behavioral theory in communication campaigns on road safety and critiques the tendency to focus on individual cognition affect and risk conceptions rather than on normative structural and cultural factors The volume positions the discourse on road safety as a social issue and treats road safety behavior as a social activity that directly relates to other

public issues social values and social policy while discussing potential uses of social media and participatory approaches The discussion turns to the role of road safety communication campaigns as part of a democratic process of eliciting public discourse including how contemporary society could address broader issues of risk and safety **Focus on NAEP** ,1994
