Christianity And Social Service In Modern Britain The Disinherited Spirit:

Christianity and Social Service in Modern Britain Frank Prochaska, 2006-01-26 Few subjects bring out so well the differences between ourselves and our ancestors as the history of Christian charity In an increasingly mobile and materialist world in which culture has grown more national indeed global we no longer relate to the lost world of nineteenth century parish life Today we can hardly imagine a voluntary society that boasted millions of religious associations providing essential services in which the public rarely saw a government official apart from the post office clerk Against the background of the welfare state and the collapse of church membership the very idea of Christian social reform has a quaint Victorian air about it In this elegantly written study of shifting British values Frank Prochaska examines the importance of Christianity as an inspiration for political and social behaviour in the nineteenth century and the forces that undermined both religion and philanthropy in the twentieth The waning of religion and the growth of government responsibility for social provision were closely intertwined Prochaska shows how the creation of the modern British state undermined religious belief and customs of associational citizenship In unravelling some of the complexities in the evolving relationship between voluntarism and the state the book presents a challenging new interpretation of Christian decline and democratic traditions in Britain

Christianity and Social Service in Modern Britain F. K. Prochaska, 2008 *The Oxford History of British and Irish Catholicism, Volume V* Alana Harris, 2023-09-01 The fifth volume of The Oxford History of British Irish Catholicism covering the period from the Great War through the Second World War and the Second Vatican Council surveys the transformed ecclesial landscape between the papacies of Benedict XV and Pope Francis It explores the efforts of bishops priests and people in Ireland and Scotland Wales and England to respond to modern challenges and reintegrate the experiences and expertise of the laity into the ministry of the Church Alongside the twentieth century's designation as an era of technological innovation war peace globalization decolonization and liberation this period has also been designated the People's Century Viewed through the lens of the Catholic church in Britain and Ireland these same dynamics are explored within thematic synoptic chapters by leading scholars As a century characterized by the rise or better renewal of the apostolate of the laity this edited collection traces the struggles to reconcile tradition re evaluate hierarchical authority adapt to social and educational mobility as well as to adjudicate serious challenges from outside and within including inflammatory biopolitics and clerical sexual abuse to religious belief and the legitimacy of the Church as an institution

volume presents the latest research including results from the largest ever research initiative on religion in Britain the AHRC ESRC Religion and Society Programme Survey chapters are combined with detailed case studies to give both breadth and depth of coverage The text is accompanied by relevant photographs and a companion website **England, Ireland, Scotland, Wales** Keith Robbins,2008-09-05 Keith Robbins building on his previous writing on the modern history of the interlocking but distinctive territories of the British Isles takes a wide ranging innovative and challenging look at the twentieth century history of the main bodies at once national and universal which have collectively constituted the Christian Church The protracted search for elusive unity is emphasized Particular beliefs attitudes policies and structures are located in their social and cultural contexts Prominent individuals clerical and lay are scrutinized Religion and politics intermingle highlighting for churches and states fundamental questions of identity and allegiance of public and private values in a century of ideological conflict violent confrontation in Ireland two world wars and protracted Cold War The massive change experienced by the countries and people of the Isles since 1900 has encompassed shifting relationships between England Ireland and Northern Ireland Scotland and Wales the end of the British Empire the emergence of a new Europe and latterly major immigration of adherents of Islam Hinduism Sikhism and other faiths from outside Europe developments scarcely conceivable at the outset Such a broad contextual perspective provides an essential background to understanding the puzzling ambiguities evident both in secularization and enduring Christian faith Robbins provides a cogent and compelling overview of this turbulent century for the churches of the Isles *Before and Beyond the 'Big Society'* Joseph Forde,2022-05-26 John Milbank's theology has shaped much modern political thinking both within and without the Church In *Before and Beyond the Big Society* Joseph Forde presents the first study devoted exclusively to John Milbank's theology of welfare and how it has influenced policy in the Church of England since 2008 By examining the favourable response the Church gave to the Big Society project in 2010-12 Forde shows that Milbank's Blue Socialist fingerprint increasingly dominates However this theology has not evolved in a vacuum and Forde expertly places it in its historical and theoretical context He offers a detailed critical discussion of Milbank's own critique of what has been the mainstream Temple Anglican theology of welfare in the Church of England since the 1940s and a fresh contribution to the assessment of Anglican social theology Finally he demonstrates how Milbank's ideas have been furthered by other influential Anglicans It is this influence that will carry the greatest implications for the Church of England's policy on welfare going forward making this study relevant to all who care about its contribution to the provision of welfare **Culture, Philanthropy and the Poor in Late-Victorian London** Geoffrey A. C. Ginn,2017-04-21 In refreshing our understanding of this obscure but eloquent activism Ginn approaches cultural philanthropy not simply as a project of class self interest nor as fanciful missionary aestheticism Rather he shows how liberal aspirations towards adult education and civic community can be traced in a number of centres of moralising voluntary effort Concentrating on Toynbee Hall in Whitechapel the People's Palace in Mile

End Red Cross Hall in Southwark and the Bermondsey Settlement the discussion identifies the common impulses animating practical reformers across these settings Ginn shows how these were shaped by a distinctive diagnosis of urban deprivation and anomie
