Records and Briefs** California (State)., **California Occupational Guide**, Resources in education, 1989-04 *Correctional Officers in America* Stephen Paul Walters, Tom Caywood, 2006 This study examines the social science research which describes the occupational environment of correctional officers Abandoning common popular misconceptions of prison guards the authors analyze who correctional officers are how they are trained and the common problems that they share while maintaining security in America's prisons This study examines the role of prisons in society today how that role has changed over time and how correctional officers have been required to change as well The formal structure of prisons is explored and a wide ranging discussion of the interpersonal problems encountered by correctional officers is presented including their interaction with inmates the psychological problems that may result from this interaction and the manner in which correctional officers adapt to these pressures Correctional officers are shown to be an increasingly diverse group of trained professionals sharing many commonalities yet also differing in many significant ways **A Senior Citizen Tells a True Story** Robert L. Mason, 2009-10-01 This is a non fiction true story that I tell about some good and some bad parts of my lifetime experiences You should find the good things to be enjoyable reading and become intrigued by the documented lengthy bad encounter with the court system after I retired What was happening was unbelievable It's about my four year encounter with the California Judicial System over a minor traffic infraction without a lawyer You should be shocked to learn what can and does happen in court The courts applied a double standard that negated the rule of law for equal rights I spent hundreds of dollars fighting for equal justice and the price of the book is well worth it Now the same can happen to anyone at any time thus you can be on the alert by my true story encounters *Law Enforcement Employment Guide* Ron Stern, 1990-06 **The Modern Prison Paradox** Amy E. Lerman, 2013-08-19 In *The Modern Prison Paradox* Amy E Lerman examines the shift from rehabilitation to punitivism that has taken place in the politics and practice of American corrections She argues that this punitive turn has had profoundly negative consequences for both crime control and American community life Professor Lerman's research shows that spending time in America's increasingly violent and castigatory prisons strengthens inmates criminal networks and fosters attitudes that increase the likelihood of criminal activity following parole Additionally Professor Lerman assesses whether America's more punitive prisons similarly shape the social attitudes and behaviors of correctional staff Her analysis reveals that working in more punitive prisons causes correctional officers to develop an us against them mentality while on the job and that the stress and wariness officers acquire at work carries over into their personal lives straining relationships with partners children and friends
