**En kald død** Frits de Bourg, 2013-01-17 Jan Ove Brink hadde vært en av landets lovende boksere En iskald vinterdag på femtitallet kunne folk se ham gå ut på Drammenselven Han stoppet ved en røk og tok av klærne og hoppet han i det isnende vannet Nicolay Wolff driver KrimMagasinet S sterken til Brink ber ham om se nærmere på det omtalte og dramatiske selvmordet En venn av Brink melder seg og hevder at det var et drap Frits de Bourg debutterer med denne originale kriminalromanen som er lagt til femtitallet i Drammen og Oslo *Norsk bokhandlertidende*, 1925 Norwegian Dictionary Forlang A.S. Cappelen, 2015-08-12 First published in 1994 Routledge is an imprint of Taylor Francis an informa company *Norsk bokfortegnelse for 1921/25-*, 1974 Picturebooks: Representation and Narration Bettina Kümmerring-Meibauer, 2014-01-03 This volume discusses the aesthetic and cognitive challenges of modern picturebooks from different countries such as Denmark France Germany Norway Spain Sweden United Kingdom and USA The overarching issue concerns the mutual relationship between representation and narration by means of the picturebooks multimodal character Moreover this volume includes the main lines of debate and approaches to picturebooks by international leading researchers in the field Topics covered are the impact of paratexts and inter pictorial allusions the relationship between artists books crossover picturebooks and picturebooks for adults the narrative defiance of wordless picturebooks the representation of emotions in images and text and the depiction of hybrid characters in picturebooks The enlargement of the picturebook corpus beyond an Anglo American picturebook canon opens up new horizons and highlights the diverging styles and genre shifts in modern picturebooks This tendency also demonstrates the influence of specific authors and illustrators on the appreciation of the picturebook genre as in the case of Astrid Lindgren's picturebooks and the picturebooks created by renowned illustrators such as Anthony Browne Wolf Erlbruch Stian Hole and Bruno Munari This book will be the definite contribution to contemporary picturebook research for many years to come Et julemirakel Jenny Hale, 2018-11-23 Julen har alltid vært viktig for Noelle Parker Hun elsker de mørke vinterkveldene med varm sjokolade og kaker i familiens koselige konditori Men dette året er alt annerledes Da Noelle får vite at konditoriet står i fare for bli lagt ned bestemmer hun seg for gjøre en siste innsats for redde det Samtidig som hun begynner pusse opp lokalet takker hun ja til en jobb som assistent for den eldre og gretne William Harrington *Norsk bokfortegnelse*, 1999 **Vårt blad**, 1963 **Telegrafbladet**, 1974 *The Oxford Handbook of Compounding* Rochelle Lieber, Pavol Stekauer, 2011-07-07 This book presents a comprehensive review of theoretical work on the linguistics and psycholinguistics of compound words and combines it with a series of surveys of compounding in a variety of languages from a wide range of language families Compounding is an effective way to create and express new meanings Compound words are segmentable into their constituents so that new items can often be understood on first presentation However as keystone keynote and keyboard and breadboard sandwich board and mortarboard show the relation between components is often far from straightforward The question then arises as to how far compound sequences

are analysed at each encounter and how far they are stored in the brain as single lexical items The nature and processing of compounds thus offer an unusually direct route to how language operates in the mind as well as providing the means of investigating important aspects of morphology and lexical semantics and insights to child language acquisition and the organization of the mental lexicon This book is the first to report on the state of the art on these and other central topics including the classification and typology of compounds and cross linguistic research on the subject in different frameworks and from synchronic and diachronic perspectives
