George Gordon Byron Baron Byron

Byron Complete Poetical Works Oxford Paperbacks:

The Complete Poetical Works of Lord Byron George Gordon Byron Baron Byron, 1914 *The Poetical Works of Lord Byron* Lord Byron, 1959 *Romanticism and the Emotions* Joel Faflak, Richard C. Sha, 2014-03-13 There has recently been a resurgence of interest in the importance of the emotions in Romantic literature and thought This collection the first to stress the centrality of the emotions to Romanticism addresses a complex range of issues including the relation of affect to figuration and knowing emotions and the discipline of knowledge the motivational powers of emotion and emotions as a shared ground of meaning Contributors offer significant new insights on the ways in which a wide range of Romantic writers including Jane Austen William Wordsworth Immanuel Kant Lord Byron Mary and Percy Bysshe Shelley Thomas De Quincey and Adam Smith worried about the emotions as a register of human experience Though varied in scope the essays are united by the argument that the current affective and emotional turn in the humanities benefits from a Romantic scepticism about the relations between language emotion and agency *The Romantic Fragment Poem* Marjorie Levinson, 2017-11-01 The fragment poem long regarded as a peculiarly Romantic phenomenon has never been examined outside the context of thematic and biographical criticism By submitting the unfinished poems of the English Romantics to both a genetic investigation and a reception study Marjorie Levinson defines the fragment's formal character at various moments in its historical career She suggests that the formal determinancy of these works hence their expressive or semantic affinities is a function of historical conditions and projections The English Romantic fragment poems share not so much a particular mode of production as a myth of production Levinson pries apart these two dimensions and analyzes each independently to consider their relationship By reconstructing the contemporary reception of such works as Wordsworth's *Nutting* Coleridge's *Christabel* and *Kubla Khan* Shelley's *Julian and Maddalo* and Keats's *Hyperion* fragments and juxtaposing this model against dominant twentieth century critical paradigms Levinson discriminates layers phases and kinds of intentionality in the poems and considers the ideological implications of this diversity This study is the first to investigate the English Romantic fragment poem by identifying the assumptions contemporary and belated that govern interpretative procedures In a substantial summary chapter Levinson reflects upon the meaning and effects of these assumptions with respect to the facts and fictions of literary production in the period and to the processes of canon formation Originally published in 1986 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value **Fashionable Fictions and the Currency of the Nineteenth-Century British Novel** Lauren Gillingham, 2023-05-25 Lauren Gillingham reveals how a modern notion of fashion helped to transform the novel in nineteenth century Britain **Byron's Dialectic** Terence Allan Hoagwood, 1993 This book includes commentaries on the major poems *Manfred* *Childe Harold's Pilgrimage* and *Don*

Juan with substantial consideration of Byron's prose and with one of the most comprehensive studies of Cain ever written

TransGothic in Literature and Culture Jolene Zigarovich, 2017-09-08 This book contributes to an emerging field of study and provides new perspectives on the ways in which Gothic literature, visual media and other cultural forms explicitly engage gender, sexuality, form and genre. The collection is a forum in which the ideas of several well-respected critics converge, producing a breadth of knowledge and a diversity of subject areas and methodologies. It is concerned with several questions including: How can we discuss Gothic as a genre that crosses over boundaries constructed by a culture to define and contain gender and sexuality? How do transgender bodies specifically mark or disrupt this boundary crossing? In what ways does the Gothic open up a plural narrative space for transgenre explorations, encounters and experimentation? With this, the volume's chapters explore expected categories such as transgenders, transbodies and transembodiments but also broader concepts that move through and beyond the limits of gender identity and sexuality such as transhistories, transpolitics, transmodalities and transgenres. Illuminating such areas as the appropriation of the trans body in Gothic literature and film, the function of trans rhetorics in memoir, textual markers of transgenderism and the Gothic's transgeneric qualities, the chapters offer innovative but not limited ways to interpret the Gothic. In addition, the book intersects with but also troubles non-trans feminist and queer readings of the Gothic. Together, these diverse approaches engage the Gothic as a definitively trans subject and offer new and exciting connections and insights into Gothic Media, Film, Narrative and Gender and Sexuality Studies.

A New Scene of Thought, Studies in Romantic Realism Richard Lansdown, 2015-12-22 Eighteenth-century literature is often associated with the birth of the realistic novel, just as the Romantic movement is often associated with intellectual idealism. This study asks its readers to reconsider and perhaps even to invert impressions like these. It re-examines English Romantic literature in the light of a profound shift of realistic understanding, going beyond the empirical representation of people and objects into new and bold explorations of moral psychology.

The Development of Byron's Philosophy of Knowledge Emily A. Bernhard Jackson, 2010-10-27 Taking a fresh approach to Byron, this book argues that he should be understood as a poet whose major works develop a carefully reasoned philosophy. Situating him with reference to the thought of the period, it argues for Byron as an active thinker whose final philosophical stance, reader-centred scepticism, has extensive practical implications.

Romantic Writings Stephen Bygrave, 2017-09-29 Romantic Writings is an ideal introduction to the cultural phenomenon of Romanticism, one of the most important European literary movements and the cradle of Modern culture. Here you will find an accessible introduction to the well-known male Romantic writers: Blake, Wordsworth, Coleridge, Byron, Shelley and Keats. Alongside are chapters dealing with poems by Charlotte Smith, Mary Robinson, Ann Barbauld, Elizabeth Barrett Browning, which challenge the idea that these men are the only Romantic writers. As a further counterpoint, the book also includes discussion of two German Romantic short stories by Kleist and Hoffman. Throughout, close reading of texts is matched by an insistence on reading them in their historical context. Romantic Writings

offers invaluable discussions of issues such as the notion of the Romantic artist colonialism and the exotic and the particular situation of women writers and readers
