De Geschiedenis Van Dr Wassell:

De geschiedenis van Dr. Wassell James Hilton, 1944 **Books As Weapons** John B. Hench, 2016-10-15 Only weeks after the D Day invasion of June 6 1944 a surprising cargo crates of books joined the flood of troop reinforcements weapons and ammunition food and medicine onto Normandy beaches The books were destined for French bookshops to be followed by millions more American books in translation but also in English ultimately distributed throughout Europe and the rest of the world The British were doing similar work which was uneasily coordinated with that of the Americans within the Psychological Warfare Division of General Eisenhower s Supreme Headquarters Allied Expeditionary Force under General Eisenhower s command *Books As Weapons* tells the little known story of the vital partnership between American book publishers and the U S government to put carefully selected recent books highlighting American history and values into the hands of civilians liberated from Axis forces The government desired to use books to help disintoxicate the minds of these people from the Nazi and Japanese propaganda and censorship machines and to win their friendship This objective dovetailed perfectly with U S publishers ambitions to find new profits in international markets which had been dominated by Britain France and Germany before their book trades were devastated by the war Key figures on both the trade and government sides of the program considered books the most enduring propaganda of all and thus effective weapons in the war of ideas both during the war and afterward when the Soviet Union flexed its military might and demonstrated its propaganda savvy Seldom have books been charged with greater responsibility or imbued with more significance John B Hench leavens this fully international account of the programs with fascinating vignettes set in the war rooms of Washington and London publishers offices throughout the world and the jeeps in which information officers drove over bomb rutted roads to bring the books to people who were hungering for them *Books as Weapons* provides context for continuing debates about the relationship between government and private enterprise and the image of the United States abroad *The Oxford Handbook of Propaganda Studies* Jonathan Auerbach, Russ Castronovo, 2013-11-13 Derived from the word to propagate the idea and practice of propaganda concerns nothing less than the ways in which human beings communicate particularly with respect to the creation and widespread dissemination of attitudes images and beliefs Much larger than its pejorative connotations suggest propaganda can more neutrally be understood as a central means of organizing and shaping thought and perception a practice that has been a pervasive feature of the twentieth century and that touches on many fields It has been seen as both a positive and negative force although abuses under the Third Reich and during the Cold War have caused the term to stand in most recently as a synonym for untruth and brazen manipulation Propaganda analysis of the 1950s to 1989 too often took the form of empirical studies about the efficacy of specific methods with larger questions about the purposes and patterns of mass persuasion remaining unanswered In the present moment where globalization and transnationality are arguably as important as older nation forms when media enjoy near ubiquity throughout the globe when

various fundamentalisms are ascendant and when debates rage about neoliberalism it is urgent that we have an up to date resource that considers propaganda as a force of culture writ large The handbook will include twenty two essays by leading scholars from a variety of disciplines divided into three sections In addition to dealing with the thorny question of definition the handbook will take up an expansive set of assumptions and a full range of approaches that move propaganda beyond political campaigns and warfare to examine a wide array of cultural contexts and practices A Catalog of Books Represented by Library of Congress Printed Cards.
