Accelerating Human Evolution by Theosophical Initiation Yves Mühlematter, 2022-12-19 The main subjects of analysis in the present book are the stages of initiation in the grand scheme of Theosophical evolution These initiatory steps are connected to an idea of evolutionary self development by means of a set of virtues that are relative to the individual's position on the path of evolution The central thesis is that these stages were translated from the Hindu tradition to the Theosophical tradition through multifaceted hybridization processes in which several Indian members of the Theosophical Society partook Starting with Annie Besant's early Theosophy the stages of initiation are traced through Blavatsky's work to Manilal Dvivedi and T Subba Row both Indian members of the Theosophical Society and then on to the San tana Dharma Text Books In 1898 the English Theosophist Annie Besant and the Indian Theosophist Bhagavan Das together founded the Central Hindu College Benares which became the nucleus around which the Benares Hindu University was instituted in 1915 In this context the San tana Dharma Text Books were published M hlematter shows that the stages of initiation were the blueprint for Annie Besant's pedagogy which she implemented in the Central Hindu College in Benares In doing so he succeeds in making intelligible how esoteric knowledge was transferred to public institutions and how a broader public could be reached as a result The dissertation has been awarded the ESSWE PhD Thesis prize 2022 by the European Society for the Study of Western Esotericism

The Relocation of Culture Simona Bertacco, Nicoletta Vallorani, 2021-04-08 The Relocation of Culture is about accents and borders about people and cultures that have accents and that cross borders It is a book that deals with translation and nomadic identities and with the many ways in which the increasing relevance of forced migrations has affected the practice of languages and the understanding of cultures in our times Simona Bertacco and Nicoletta Vallorani examine the theoretical and practical nexus of translation and migration two of the most visible and anxiety producing keywords of our age and use translation as the method for a global cultural theory firmly based in the humanities both as creative output and interdisciplinary scholarship Positioning their work within the field of translation studies with important borrowings from literary and cultural studies visual and migration studies the authors suggest a theory of translation that makes space for complexity considers different languages words images sounds bodies and takes into account both our emotional pre linguistic and instinctual reaction to the other as an invader and an enemy and the responsibility for the other that lies at the heart of translation This process necessarily involves a reflection on the location and relocation of cultures in contemporary times

The thirteenth century Jewish mystical classic Sefer ha Zohar The Book of Splendor commonly known as the Zohar took shape against a backdrop of rising anti Judaism in Spain Mystical Resistance reveals that in addition to the Zohar s role as a theological masterpiece its kabbalistic teachings offer passionate and knowledgeable critiques of Christian majority culture During the Zohar s development Christian friars implemented new missionizing strategies forced Jewish attendance at religious disputations and seized and censored Jewish books In response the kabbalists who composed the Zohar crafted strategically subversive narratives aimed at diminishing Christian authority Hidden between the lines of its fascinating stories the Zohar makes daring assertions that challenge themes important to medieval Christianity including Christ s Passion and ascension the mendicant friars new missionizing strategies and Gothic art s claims of Christian dominion These assertions rely on an intimate and complex knowledge of Christianity gleaned from rabbinic sources polemic literature public Church art and encounters between Christians and Jews Much of the kabbalists subversive discourse reflects language employed by writers under oppressive political regimes treading a delicate line between public and private power and powerlessness subservience and defiance By placing the Zohar in its thirteenth century context Haskell opens this text as a rich and fruitful source of Jewish cultural testimony produced at the epicenter of sweeping changes in the relationship between medieval Western Europe s Christian majority and its Jewish minority Cultural Afterlives of Jesus Gregory C. Jenks, 2023-06-20 This collection of essays explores the impact of Jesus within and beyond Christianity including his many afterlives in literature and the arts social just and world religions during the past two thousand years and especially in the present global context This third volume focuses on the diverse afterlives of Jesus within contemporary culture and the arts Moving beyond the explicitly religious afterlives traced in the first two volumes this set of essay traces selected afterlives of Jesus within Indigenous cultures around the Pacific as well as in the arts and in the contested fields of gender and sexuality The contributors include religion scholars from diverse cultural contexts as well as faith practitioners reflecting on Jesus within their own particular context While the essays are all grounded in critical scholarship reflective practice or both they
