Citoyennes Women And The Ideal Of Citizenship In Eighteenth Century France:

Citoyennes Annie K. Smart, 2011-12-23 Did women have a civic identity in eighteenth century France In *Citoyennes Women and the Ideal of Citizenship in Eighteenth Century France* Annie Smart contends that they did While previous scholarship has emphasized the ideal of domestic motherhood or the image of the republican mother Smart argues persuasively that many pre revolutionary and revolutionary texts created another ideal for women the ideal of civic motherhood Smart asserts that women were portrayed as possessing civic virtue and as promoting the values and ideals of the public sphere Contemporary critics have theorized that the eighteenth century ideal of the Republic intentionally excluded women from the public sphere According to this perspective a discourse of Rousseauian domestic motherhood stripped women of an active civic identity and limited their role to breastfeeding and childcare Eighteenth century France marked thus the division between a male public sphere of political action and a female private sphere of the home *Citoyennes* challenges this position and offers an alternative model of female identity This interdisciplinary study brings together a variety of genres to demonstrate convincingly that women were portrayed as civic individuals Using foundational texts such as Jean Jacques Rousseau's *Emile* or on Education 1762 revolutionary gouaches of Lesueur and vaudeville plays of Year II of the Republic 1793 1794 this study brilliantly shows that in text and image women were represented as devoted to both the public good and their families In addition *Citoyennes* offers an innovative interpretation of the home Through re examining sphere theory this study challenges the tendency to equate the home with private concerns and shows that the home can function as a site for both private life and civic identity *Citoyennes* breaks new ground for it both rectifies the ideal of domestic Rousseauian motherhood and brings a fuller understanding to how female civic identity operated in important French texts and images Published by University of Delaware Press Distributed worldwide by Rutgers University Press

Citoyennes Annie Smart, 2011-12-23 In *Citoyennes* Annie Smart argues that many revolutionary and pre revolutionary works constructed a civic identity for women and portrayed the home as a site for both civic virtue and private subjectivity This interdisciplinary study offers a fresh interpretation of the role of women and the home in eighteenth century France and goes a long way to filling a gaping hole in the contemporary literature on the subject *Hersilia's Sisters* Norman Bryson, 2023-07-25 Political and cultural history and the arts combine in this engaging account of 1790s France In 1799 when the French artist Jacques Louis David 1748 1825 exhibited his *Intervention of the Sabines* a history painting featuring the ancient heroine Hersilia he added portraits of two contemporary women on either side of her Henriette de Verninac daughter of Charles François Delacroix minister of foreign affairs and Juliette R camier a well known and admired socialite Drawing on many disciplines Norman Bryson explains how such a combination of paintings could reveal the underlying nature of the Directoire the period between the vicious and near dictatorial Reign of Terror 1793 94 and the coup in 1799 that brought Napoleon to power *Hersilia's Sisters* illuminates ways that cultural life and civil society were rebuilt during these years

through an extraordinary efflorescence of women pioneers in every cultural domain literature the stage opera moral philosophy political theory painting popular journalism and fashion Through a close examination of David s work between The Intervention of the Sabines begun in 1796 and Bonaparte Crossing the Alps begun in 1800 Bryson explores how the flowering of women s culture under the Directoire became a decisive influence on David s art With more than 150 illustrations this book provides new and brilliant insight into this period that will captivate readers **Practiced**

Citizenship Nimisha Barton, Richard S. Hopkins, 2019 Over fifty years ago sociologist T H Marshall first opened the modern debate about the evolution of full citizenship in modern nation states arguing that it proceeded in three stages from civil rights to political rights and finally to social rights The shortcomings of this model were clear to feminist scholars As political theorist Carol Pateman argued the modern social contract undergirding nation states was from the start premised on an implicit sexual contract According to Pateman the birth of modern democracy necessarily resulted in the political erasure of women Since the 1990s feminist historians have realized that Marshall s typology failed to describe adequately developments that affected women in France An examination of the role of women and gender in welfare state development suggested that social rights rooted in republican notions of womanhood came early and fast for women in France even while political and economic rights would continue to lag behind While their considerable access to social citizenship privileges shaped their prospects the absence of women s formal rights still dominates the conversation Practiced Citizenship offers a significant rereading of that narrative Through an analysis of how citizenship was lived practiced and deployed by women in France in the modern period Practiced Citizenship demonstrates how gender normativity and the resulting constraints placed on women nevertheless created opportunities for a renegotiation of the social and sexual contract Liberty or Death Peter McPhee, 2016-05-28 A striking account of the impact of the French Revolution in Paris across the French countryside and around the globe The French Revolution has fascinated perplexed and inspired for more than two centuries It was a seismic event that radically transformed France and launched shock waves across the world In this provocative new history Peter McPhee draws on a lifetime s study of eighteenth century France and Europe to create an entirely fresh account of the world s first great modern revolution its origins drama complexity and significance Was the Revolution a major turning point in French even world history or was it instead a protracted period of violent upheaval and warfare that wrecked millions of lives McPhee evaluates the Revolution within a genuinely global context Europe the Atlantic region and even farther He acknowledges the key revolutionary events that unfolded in Paris yet also uncovers the varying experiences of French citizens outside the gates of the city the provincial men and women whose daily lives were altered or not by developments in the capital Enhanced with evocative stories of those who struggled to cope in unpredictable times McPhee s deeply researched book investigates the changing personal social and cultural world of the eighteenth century His startling conclusions redefine and illuminate both the experience and the legacy of France s transformative age of revolution McPhee

skillfully and with consummate clarity recounts one of the most complex events in modern history This extraordinary work is destined to be the standard account of the French Revolution for years to come Publishers Weekly starred review

Women Writers in the Romantic Age John Claiborne Isbell, 2025-04-17 This groundbreaking book offers a comprehensive review of six hundred and fifty women writers from over fifty national traditions spanning Europe and the Americas during the transformative years of 1776 to 1848 Framed by revolutionary upheavals the book explores how women writers shaped and reflected Romanticism's global currents It fills a critical scholarly gap connecting disparate traditions and uncovering voices often overlooked in male dominated literary histories Through concise entries the book names every woman writer identified in its vast research from celebrated figures like Phillis Wheatley to lesser known authors whose manuscripts lay buried in archives Each entry provides essential biographical details while select excerpts in seventeen languages bring these voices to life revealing how women navigated the era's revolutionary ideals and patriarchal barriers Structured democratically the volume treats all writers equally whether anonymous pseudonymous or celebrated in their time It highlights their diverse experiences poets and novelists abolitionists and suffragists mothers and mill workers From memoirs to political tracts their works testify to the rich tapestry of women's contributions to Romanticism By illuminating these stories this book challenges national silos offering a panoramic view of Romanticism as a truly transnational female inclusive phenomenon It represents a go to resource for students and interested readers while setting the ground for future scholars to expand this vital field of study

A History of Women's Political Thought in Europe, 1700-1800 Karen Green, 2014-12-04 During the eighteenth century elite women participated in the philosophical scientific and political controversies that resulted in the overthrow of monarchy the reconceptualisation of marriage and the emergence of modern democratic institutions In this comprehensive study Karen Green outlines and discusses the ideas and arguments of these women exploring the development of their distinctive and contrasting political positions and their engagement with the works of political thinkers such as Hobbes Locke Mandeville and Rousseau Her exploration ranges across Europe from England through France Italy Germany and Russia and discusses thinkers including Mary Astell Emilie Du Châtelet Luise Kulmus Gottsched and Elisabetta Caminer Turra This study demonstrates the depth of women's contributions to eighteenth century political debates recovering their historical significance and deepening our understanding of this period in intellectual history It will provide an essential resource for readers in political philosophy political theory intellectual history and women's studies

The Military Enlightenment Christy L. Pichichero, 2017-11-15 The Military Enlightenment brings to light a radically new narrative both on the Enlightenment and the French armed forces from Louis XIV to Napoleon Christy Pichichero makes a striking discovery the Geneva Conventions post traumatic stress disorder the military band of

brothers and soldierly heroism all found their antecedents in the eighteenth century French armed forces Readers of The Military Enlightenment will be startled to learn of the many ways in which French military officers administrators and medical personnel advanced ideas of human and political rights military psychology and social justice *Politics in the Marketplace* Katie L. Jarvis, 2019 *Politics in the Marketplace* integrates politics economics and gender to ask how the Dames des Halles invented notions of citizenship through everyday trade during the French Revolution While analyzing how marketplace actors shaped nascent democracy and capitalism it challenges the interpretation that revolutionary citizenship was inherently masculine from the outset
