SERVICE INTERVALS  SERVICE IN 30 000 Kms / 12 MO  SERVICE DUE IN 300 Kms / 24 DAYS  SERVICE REQUIRED	h) Mileage before service or oil change. Mileage before service With the ignition switched on, and the engine not running and the selected display is "Mileage before service", press one of buttons 2 or 3 for about 5 seconds to display the mileage before service (distance or time to the next service). When the range approaches its limit, there are several possible scenarios: - distance/time remaining less than 900 miles (1,500 km) or one month: the message "Service due in" is displayed accompanied by the nearest term (distance or time); - distance equal to 0 miles or service date reached: the message "service vehicle" is displayed accompanied by the  warning light. The vehicle requires a service as soon as possible.
Resetting: To reset the distance before service, press and hold one of buttons 2 or 3 for approximately 10 seconds until the display shows the mileage permanently. NB: if a service is performed without changing the engine oil, only the mileage before the next service should be reset. In the event of an oil change, both the distance before the next service and the next oil change should be reset.
