Redd, 2009-08-16 In Blood on Their Hands author Forrest Redd unravels the past eight years of the Bush Administration in an attempt to prove why George W Bush should be convicted of inciting an illegal war Fueled by the outcome of the 2004 election Redd demonstrates how the right leaning media pundits assisted Bush in misleading the public and why the American people share the responsibility of Bush's disappointing dangerous presidency In reevaluating the way the American people handled the Bush Administration Redd transfers the blame for eight years of failures and atrocities from Bush squarely to the shoulders of the American voters Redd also includes chapters on the Supreme Court's role in determining the 2000 election a side by side comparison of Kerry and Bush in the 2004 election and a reaction to the proposed change brought about by the 2008 election Ultimately Blood on Their Hands is a call to the nation to come together and practice common sense strive for enlightenment and exercise decency tolerance and compassion **Marxism versus Liberalism** August H. Nimtz, 2019-09-10 An extraordinary work of political historical analysis that methodically and convincingly argues for the superiority of a Marxist approach for pursuing democracy Rich in historical detail and thoroughly engrossing in portraying the real time analyses of and intervention in crucial events by prominent Marxist and liberal theorists and political actors Marxism versus Liberalism is a truly impressive achievement that will have an enduring appeal John F Sitton Professor Emeritus Political Science Indiana University of Pennsylvania USA Performing a comparative real time political analysis Marxism versus Liberalism presents convincing evidence to sustain two similarly audacious claims firstly that Karl Marx and Frederick Engels collectively had better democratic credentials than Alexis de Tocqueville and John Stuart Mill and secondly that Vladimir Lenin had better democratic credentials than Max Weber and Woodrow Wilson When the two sets of protagonists are compared and contrasted in how they read and responded to big political events in motion this book contends that these Marxists proved to be better democrats than the history's most prominent Liberals Exploring the historical scenarios of The European Spring of 1848 the United States Civil War the 1905 Russian Revolution the 1917 Russian Revolution and the end of World War I Marxism versus Liberalism carefully tests each claim in order to challenge assumed political wisdom Spin, 2006 *The Liberals' Moment* Bruce Miroff, 2009 Revisits the largely forgotten story of

how the McGovern campaign represented the zenith of sixties style liberalism and how its historic defeat still haunts Democrats to this day and in the process identifies what Democrats must do before they can reassume their role as agents of progressive change

Demonic Ann Coulter, 2012-08-07 The demon is a mob and the mob is demonic The Democratic Party activates mobs depends on mobs coddles mobs publicizes and celebrates mobs it is the mob Sweeping in its scope and relentless in its argument Demonic explains the peculiarities of liberals as standard groupthink behavior To understand mobs is to understand liberals In her most provocative book to date Ann Coulter argues that liberals exhibit all the psychological characteristics of a mob for instance Liberal Groupthink The same mob mentality that leads otherwise law abiding people to hurl rocks at cops also leads otherwise intelligent people to refuse to believe anything they haven t heard on NPR Liberal Schemes No matter how mad the plan is Fraternit the New Soviet Man the Master Race the Great Leap Forward the Cultural Revolution Building a New Society ObamaCare a mob will believe it Liberal Enemies Instead of counterrevolutionaries liberals opponents are called haters those who seek to divide us tea baggers and right wing hate groups Meanwhile conservatives call liberals liberals and that makes them testy Liberal Justice In the world of the liberal as in the world of Robespierre there are no crimes only criminals Liberal Violence If Charles Manson s followers hadn t killed Roman Polanski s wife Sharon Tate Clinton would have pardoned him too and he d probably be teaching at Northwestern University Citing the father of mob psychology Gustave Le Bon Coulter catalogs the Left s mob behaviors the creation of messiahs the fear of scientific innovation the mythmaking the preference for images over words the lack of morals and the casual embrace of contradictory ideas Coulter traces the history of the liberal mob to the French Revolution and Robespierre s revolutionaries delineating a clear distinction from America s founding fathers who simply proclaimed that they were exercising the general will before slaughtering their fellow citizens for the good of mankind Similarly as Coulter demonstrates liberal mobs from student radicals to white trash racists to anti war and pro ObamaCare fanatics today have consistently used violence to implement their idea of the general will This is not the American tradition it is the tradition of Stalin of Hitler of the guillotine

and the tradition of the American Left As the heirs of the French Revolution Democrats have a history that consists of pandering to mobs time and again while Republicans heirs to the American Revolution have regularly stood for peaceable order Hoping to muddy this horrifying truth liberals slanderously accuse conservatives of their own crimes assassination plots conspiracy theorizing political violence embrace of the Ku Klux Klan Coulter shows that the truth is the opposite Political violence mob violence is always a Democratic affair Surveying two centuries of mob movements Coulter demonstrates that the mob is always destructive And yet she argues beginning with the civil rights movement in the sixties Americans have lost their natural inherited aversion to mobs Indeed most Americans have no idea what they are even dealing with Only by recognizing the mobs and their demonic nature can America begin to defend itself **Ideological Idiocy**

Tygrrrr Express,2010-04-08 Conservatives are busy trying to save the world The world is going to heck in a handbasket and liberals are trying to figure out whether to hold angry peace rallies or celebrate the environment by leaving their signs on the grass for productive people to clean up If only they knew how many trees and bunny rabbits were murdered on 9 11 by people unconcerned with carbon emissions Liberals like to declare every conservative on the planet to be either evil or stupid Ideological Idiocy is about their declaration of our being unenlightened dolts This is ideological idiocy Having liberals declare the author stupid is like listening to members of the KKK call him insensitive Conservatives must remember that our critics do not matter Nobody listens to these crying children For those that do not have a blunt instrument nearby or are looking for a solution that avoids jail humor is a powerful weapon Use it against the left every moment they breathe They may get offended but that is the point The only thing that the author wants to communicate in this book is that without love and laughter there is no life Nothing he does will change the world but if it gets a stiff person to lighten up and smile he is pleased George Osborne Janan Ganesh,2012-09-24 Ganesh s dissection of what has driven the intellectual and political revival of the Tories is forensic and incisive Anne McElvoy Mail on SundayA lively account of the Chancellor s career contains a great deal of fascinating new information Peter Osborne Daily Telegraph George Osborne is the most controversial Chancellor of the Exchequer since the Second World War His austere policies have incited international debate and his political influence over the government provokes resentment He is also a survivor with an eye on the premiership Having authored the most hated Budget of recent times he now presides over a recovering economy This is the story of Osborne s breathless ascent to power a journey driven by luck guile resilience daring and ferocious ambition As a back room adviser MP and Cabinet member he has enjoyed a starring role or front row seat at all the Tory dramas since the fall of Thatcher and the dog days of the Major government from the party s long years in opposition to its eventual and incomplete resurrection Yet rarely have voters known so little about a politician with such sway over their lives and livelihoods Fully updated to include Osborne s role in the economic recovery his appointment of Mark Carney as Governor of the Bank of England and his prospects as a future Prime Minister this biography makes sense of a man who is both a personal enigma and a political

machine Based on exhaustive research and access to the innermost parts of the government it tells the story of George Osborne and the era he has helped to shape
