Compositional Subjects Laura Hyun Yi Kang, 1995      **The Cultural Capital of Asian American Studies** Mark Chiang, 2009-11 Originating in the 1968 student led strike at San Francisco State University Asian American Studies was founded as a result of student and community protests that sought to make education more accessible and relevant While members of the Asian American communities initially served on the departmental advisory boards planning and developing areas of the curriculum university pressures eventually dictated their expulsion At that moment in history the intellectual work of the field was split off from its relation to the community at large giving rise to the entire problematic of representation in the academic sphere Even as the original objectives of the field have remained elusive Asian American studies has nevertheless managed to establish itself in the university Mark Chiang argues that the fundamental precondition of institutionalization within the university is the production of cultural capital and that in the case of Asian American Studies as well as other fields of minority studies the accumulation of cultural capital has come primarily from the conversion of political capital In this way the definition of cultural capital becomes the primary terrain of political struggle in the university and outlines the very conditions of possibility for political work within the academy Beginning with the theoretical debates over identity politics and cultural nationalism and working through the origins of ethnic studies in the Third World Strike the formation of the Asian American literary field and the Blues Hanging controversy *The Cultural Capital of Asian American Studies* articulates a new and innovative model of cultural and academic politics illuminating the position of ethnic studies within the American university      *Asian American Women's Popular Literature* Pamela Sue Thoma, 2013 Popular genre fiction written by Asian American women and featuring Asian American characters gained a market presence in the late twentieth and early twenty first centuries These crossover books mother daughter narratives chick lit detective fiction and food writing attempt to bridge ethnic audiences and a broader reading public In *Asian American Women's Popular Literature* Pamela Thoma considers how these books both depict contemporary Americanness and contribute critically to public dialogue about national belonging Novels such as Michelle Yu and B      **Technologies of Kinship** LiLi Johnson, 2025-11-25 *Technologies of Kinship* traces how technology and technological systems have shaped the co constitution of Asian American racial formation and family and kinship in American culture Provided by publisher      **American Poets in the 21st Century** Claudia Rankine, Lisa Sewell, 2007-07-09 The ideal introduction to the current generation of American poets      The Cambridge Companion to the American Modernist Novel Joshua L. Miller, 2015-10-29 *The Cambridge Companion to the American Modernist Novel* offers a comprehensive analysis of US modernism as part of a wider global literature Both

modernist and American literary studies have been reshaped by waves of scholarship that unsettled prior consensus regarding America's relation to transnational diasporic and indigenous identities and aesthetics the role of visual and musical arts in narrative experimentation science and technology studies and allegiances across racial ethnic gendered and sexual social groups Recent writing on US immigration imperialism and territorial expansion has generated fresh and exciting reasons to read or reread modernist novelists both prominent and forgotten Written by a host of leading scholars this Companion provides unique interpretations and approaches to modernist themes techniques and texts

**Handbook of Gender and Women's Studies** Kathy Davis, Mary Evans, Judith Lorber, 2006-04-27 This breathtakingly broad interdisciplinary reader demonstrates how widely feminist thinking has spread how deeply it has shaken settled assumptions in the disciplines and how much new light it throws on contemporary controversies Myra Marx Ferree University of Wisconsin Madison A timely intervention and highly engaged thoughtful and scholarly analysis of the state of gender and women's studies in the West by three eminent feminist scholars Highly cognisant of the central issues that have fractured blocked and enhanced western feminism Bev Skeggs Goldsmiths The comprehensiveness and the interdisciplinary range of themes are impressive and they make the Handbook into a wonderful tool for teachers and students of women's and gender studies Nina Lykke Linköping University Gender and women's studies is one of the most challenging fields within the social sciences the dynamics of gender relations and the social and cultural implications of gender constructions offer a lively forum of debate The Handbook of Gender and Women's Studies presents a comprehensive and engaging review of the most recent developments within the field including the study of masculinity the feminist implications of postmodernism the cultural turn and globalization The authors review current research and offer critical analyses of women's and gender studies in work the welfare state family education religion violence and war and feminist global politics Edited by three leading academics from Europe and the United States and with 25 chapters written by scholars based throughout the world the Handbook situates the most important debates in the field within a uniquely international and interdisciplinary context The Handbook is a useful introduction to gender theory and an exciting starting point for fresh debates
