Confronting Cruelty Confronting Cruelty:

Confronting Cruelty Dorothy Scott, Shurlee Swain, 2013-04-01 The problem of child abuse seems to have escalated in recent years Were there any battered babies before the 1960s Is the sexual abuse of children a recent phenomenon The subject is often discussed in the media with little or no awareness that it has a long history *Confronting Cruelty* examines our changing understanding of what cruelty is the continuing neglect and abuse of children in our society and the struggle between philanthropists social workers and other professional groups for the right to identify and treat the children who are abused Through the rich case records of the Children's Protection Society Dorothy Scott and Shurlee Swain document a hundred years of child abuse and explore how the community has responded to this ever present social problem

Confronting Cruelty Lyle Munro, 2005-03-01 Why and how do people campaign on behalf of a species that is not their own Responses to this question provide important insights into the much misunderstood animal rights movement and the people in it who challenge the moral orthodoxy that underpins our attitudes towards nonhuman animals The norm of moderate concern for animals that animals matter albeit less than humans permits the abuse of animals in vivisection factory farming bloodsports and other contexts where animals suffer Social movement theory is used to show how animal rights activists are engaged in the social construction of cruelty as a social problem which they seek to prevent by their intellectual practical and emotion work in seminal campaigns against cruelty in the United States England and Australia

Confronting Child Sexual Abuse Anne M Nurse, 2021-02-05 A sociological study of how media coverage social movements and personal experience shape our views of victims and offenders *Confronting Child and Adolescent Sexual Abuse* Cynthia Crosson-Tower, 2014-02-04 The first textbook to take a comprehensive look at the history theory and treatment of child and adolescent sexual abuse this book covers all aspects of child and adolescent sexual abuse from the history theory and treatment to special issues such as pornography and the Internet There are also dedicated chapters on assessment intervention treatment and prevention *Confronting Animal Abuse* Piers Beirne, 2009-07-16 *Confronting Animal Abuse* presents a powerful examination of the human animal relationship and the laws designed to protect it Piers Beirne a leading scholar in the growing field of green criminology explores the heated topic of animal abuse in agriculture science and sport as well as what is known if anything about the potential for animal assault to lead to inter human violence He convincingly shows how from its roots in the Irish plow fields of 1635 through today animal rights legislation has been primarily shaped by human interest and why we must reconsider the terms of human animal relationships Beirne argues that if violations of animals rights are to be taken seriously then scholars and activists should examine why some harms to animals are defined as criminal others as abusive but not criminal and still others as neither criminal nor abusive *Confronting Animal Abuse* points to the need for a more inclusive concept of harms to animals without which the meaning of animal abuse will be overwhelmingly confined to those harms that are regarded as socially unacceptable one on one cases of animal cruelty

Certainly those cases demand attention But so too do those other and far more numerous institutionalized harms to animals where abuse is routine invisible ubiquitous and often defined as socially acceptable In this pioneering pro animal book Beirne identifies flaws in our traditional understanding of human animal relationships and proposes a compelling new approach

Confronting Child Abuse Deborah Daro,1988 Describes the scope and causes of child abuse examines current policies and laws and offers a practical assessment of future strategies to end child abuse **Confronting Evil** Fred E.

Katz,2004-03-29 Using insights from behavioral science a Holocaust survivor explores how evil actions can seem moral to the perpetrators and how we must alter our thinking to prevent this Confronting Cruelty Shurlee Swain,Victorian Historical

Journal,2000 Covers the history of child welfare and protection in the 1890s 1920s and the difficulties of the children at the time **Interdisciplinary Feminist Perspectives on Crimes of Clerical Child Sexual Abuse** Kate Gleeson,Timothy

Willem Jones,2020-04-28 In recent years the sexual abuse of children in religious institutions has gripped the Western world as churches governments and civil society attempt to come to terms with the magnitude of widespread historical abuses Questions continue to be asked about why it is that perpetrators were able to offend repeatedly and with impunity what is it about institutions that facilitate or foster abuse and why have survivors of abuse often been treated inadequately by diverse national and international justice and political systems throughout the last century This volume makes a significant contribution to international understandings of the vexed and sensitive wicked problem of child sexual abuse in religious institutions The chapters in this volume are written from a range of feminist disciplinary responses including law criminology anthropology and history Together they provide important historical context for the current social and political interest in clerical sex crimes They examine political and legal avenues for redress for survivors of these crimes and critically examine the ways in which church cultures position clergy and clergy offenders in relation to victims The chapters originally published in a special issue of the Australian Feminist Law Journal **Apologies and the Legacy of Abuse of Children in**

'Care' J. Sköld,S. Swain,2015-05-26 This book positions inquiries into the historical abuse of children in care within the context of transitional justice It examines investigation apology and redress processes across a range of Western nations to trace the growth of the movement national particularities and the impact of the work on professionals involved
