Congress Volume Helsinki 2010 Supplements To Vetus Testamentum:

Congress Volume Helsinki 2010 Martti Nissinen, 2012-01-06 This volume brings together the main contributions to the 20th congress of the International Organization for the Study of the Old Testament IOSOT held in Helsinki Finland in August 2010 The 24 articles discuss the following five topics Archaeology and texts with an emphasis on the Persian Period Qumran the Septuagint and the Textual History of the Hebrew Bible Deuteronomistic texts with a special focus on the question What is Deuteronomistic Wisdom and Apocalypticism and methodological and interdisciplinary issues such as Bible and art and intertextuality The volume gives readers an up to date view of the most recent developments in the research of these topics and the study of the Hebrew Bible in general Matthew's Account of the Massacre of the Innocents in Light of its Reception History Sung J. Cho, 2021-10-21 Sung Cho addresses the seeming contradiction of Herod the Great's massacre in Matthew 2 16 18 questioning why such a tragedy had to occur why it was included in the good news of Jesus and what connection it has to ancient prophecies In creating a reception history of the Massacre of the Innocents Cho progresses through two millennia worth of interpretation and depiction to highlight key works for discussion Beginning with a close reading of Matthew 2 16 18 Cho moves to analyse depictions of the tragedy in the Early Patristic Tradition from the sixth century to the early modern period and thus to the present day complete with an examination of visual interpretations of the massacre Cho's examination provides a positive step to understanding the depths of human suffering with the help of many diverse perspectives The Isaianic Denkschrift and a Socio-Cultural Crisis in Yehud Alexander V. Prokhorov, 2015-05-20 This study of the Isaianic Denkschrift Isaiah 6 1 9 6 is both a traditional and an innovative one It defends the integrity of the Denkschrift yet on grounds wholly other than those outlined by the early proponents of the unity of the composition The present work is founded on an inquiry into the ideological matrix of the composition on one hand and on the other on the understanding of the activity of mantic prophetic figures in the Near East during the early first millennium BCE that has emerged in recent scholarship The presentation of Yahweh as a royal character in the Denkschrift is interpreted as an integral part of the symbolic universe promoted by the composition Several levels of social discourse of the Denkschrift are identified the author's is simultaneously engaged in the creation of Judaeian autonomous cultural identity in polemical activity with the rival Yahwist community the North or Samaria and in the safeguarding of the privileged position of the former Babylonian exiles among the community of Jerusalem and Judah Two interrelated hypotheses are developed in the book regarding the historical milieu in which the Denkschrift was composed and regarding the place of the composition in the formation of First Isaiah As for the first Prokhorov proposes that the early second temple community of Yehud matches the profile of a society whose problems the Denkschrift is addressing and reflecting As for the second the author maintains the view that the Denkschrift marks one of the final stages of the creation of First Isaiah whose original nucleus consisted of the Hezekiah narrative now found in chapters 36 39 of Isaiah which in turn modified the respective Deuteronomistic material

Philosophical Interpretations of the Old Testament Seizo Sekine, 2014-08-19 Western biblical studies have tended to follow either faith based theological approaches or value free historical critical methods This monograph challenges the two extremes by pursuing the middle path of philosophical hermeneutics While drawing on Eastern and Western philosophical writings from ancient to modern times the author proposes original interpretive solutions to a wide range of important biblical texts including the Akedah Second Isaiah the Decalogue Qohelet Job and Jeremiah Yet this is not a collection of antiquarian studies Readers will also gain fresh and stimulating perspectives concerning monotheism religious faith and identity suffering and salvation and modern and postmodern ethics Finally in a supplementary essay the author introduces readers to the history of Old Testament studies in Japan and he outlines prospects for the future

Ancient Israel's History Bill T. Arnold, Richard S. Hess, 2014-11-11 The history of Israel is a much debated topic in Old Testament studies On one side are minimalists who find little of historical value in the Hebrew Bible On the other side are those who assume the biblical text is a precise historical record Many serious students of the Bible find themselves between these two positions and would benefit from a careful exploration of issues in Israelite history This substantive history of Israel textbook values the Bible's historical contribution without overlooking critical issues and challenges Featuring the latest scholarship the book introduces students to the current state of research on issues relevant to the study of ancient Israel The editors and contributors all top biblical scholars and historians discuss historical evidence in a readable manner using both canonical and chronological lenses to explore

Israelite history Illustrative items such as maps and images visually support the book's content Tables and sidebars are also included

The End of the Psalter Alma Brodersen, 2017-06-26 Psalms 146-150 sometimes called Final Hallel or Minor Hallel are often argued to have been written as a literary end of the Psalter However if sources other than the Hebrew Masoretic Text are taken into account such an original unit of Psalms 146-150 has to be questioned The End of the Psalter presents new interpretations of Psalms 146-150 based on the oldest extant evidence the Hebrew Masoretic Text the Hebrew Dead Sea Scrolls and the Greek Septuagint Each Psalm is analysed separately in all three sources complete with a translation and detailed comments on form intertextuality content genre and date Comparisons of the individual Psalms and their intertextual references in the ancient sources highlight substantial differences between the transmitted texts The book concludes that Psalms 146-150 were at first separate texts which only in the Masoretic Text form the end of the Psalter It thus stresses the importance of Psalms Exegesis before Psalter Exegesis and argues for the inclusion of ancient sources beyond to the Masoretic Text to further our understanding of the Psalms

Reading David and Goliath in Greek and Hebrew Benjamin J.M. Johnson, 2015-10-05 The story of David and Goliath existed in antiquity in two variant literary editions a short version found in the Greek tradition of Codex Vaticanus LXXB and a longer version found in the Hebrew tradition of the MT Benjamin J M Johnson proposes that each version is worthy of study in its own right and offers a close literary reading of the narrative of David and Goliath in the Greek text of 1 Reigns 16-18 The author explores a method for reading the Septuagint that recognizes it is both a document in its own right and a translation of a Hebrew original In offering a reading of the septuagintal version of the David and Goliath narrative the literary difference between the two versions of the story and the literary significance of the Greek translation are highlighted
