STEPHEN GARRETT

Conscience And Power An Examination Of Dirty Hands And Political Leadership

Antonella Besussi

Conscience And Power An Examination Of Dirty Hands And Political Leadership:

Conscience and Power Stephen A. Garrett, 1996 Powerful political leaders are often forced to make difficult decisions concerning the lives of large groups of people. It has often been claimed that in order to make such decisions these leaders especially when dealing with foreign policy have to dirty their hands using tactics and methods such as indifference to the concerns of others, deception and brutality that would be considered morally repugnant in private life. Stephen Garrett's *Conscience and Power* considers whether this claim is true and if so how we can arrive at moral judgments regarding political actions. Garrett looks closely at two cases from World War II that illustrate the complexity of the problem: the Nazi destruction of the Czech village of Lidice in 1942 and the American government's relationship with Admiral Darlan, a Nazi sympathizer in the wartime French Vichy Government. *Conscience and Power* is the first full-length study to systematically consider the problem of dirty hands among political leaders. It will be of interest to students, teachers and researchers in the fields of history, philosophy and international relations.

Political Leadership in Liberal and Democratic Theory Joseph Femia, András Körösi, Gabriella Slomp, 2016-08-22 The working hypothesis of this book is that the issue of leadership is neglected by mainstream democratic and liberal theories. This deficiency has especially become evident in the last three or four decades which have witnessed a revival of deontological liberalism and radical theories of participatory and deliberative democracy. The contributors examine, discuss and evaluate descriptive, analytical and normative arguments regarding the role of leadership in liberal and democratic theory. The volume seeks to provoke debate and to foster new research on the significance and function of leaders in liberal democracies. The book as a whole and in its constitutive chapters works on two levels. First, it aims to expose the lack of systematic treatment of leadership in mainstream liberal and democratic theory. Second, it explores the reasons for this neglect. Overall, the book tries to convince the reader that liberal and democratic theories should revive the issue of leadership.

Ethics, the Heart of Leadership Joanne B. Ciulla, 2014-09-09 Top academic scholars ponder the question of ethics as it pertains to all aspects of leadership in business, government and nonprofit organizations. If leaders were defined by their influence on history, Hitler would be on par with Gandhi, Lincoln and Mother Theresa. Yet most of us believe that our superiors have a responsibility to exercise power with a purpose far greater than any political agenda and a motive more noble than personal gain. This thought-provoking collection of essays explores the ethical challenges that leaders face in their relationships with followers, the choices they make and the ways in which they influence others. Joanne Ciulla and her contributors examine the traits and characteristics of top-tier leaders. She questions the assumption that moral fortitude is an inherent part of being in charge, analyzes the roles that charisma, morality and delegation play in the leadership paradigm and considers whether individuals who want to lead with integrity but are sometimes forced to get their hands dirty for their constituents can be called moral leaders. Readers will gain an appreciation for how ethics is not an add-on to the practice of leadership but rather an integral part of it, an element that informs the very

idea of what it means to lead and to lead well **Why Not Torture Terrorists?** Yuval Ginbar, 2008-03-27 The book addresses a dilemma at the heart of the War on Terror is it ever justifiable to torture terrorists in order to save the lives of innocent civilians the so called ticking bomb scenario The book first analyzes the ticking bomb dilemma as a pure moral one facing the individual would be torturer A never say never utilitarian position is pitted against a minimal absolutist view that some acts are never justifiable and that torture is one such act It then looks at the issues that arise once a state has decided to sanction torture in extreme situations when how and whom to torture the institutionalization of torture its effects on society and its efficacy in combatting terrorism in the shorter and longer runs Four models of legalized torture are next examined including current ones in Israel and the USA and the idea of torture warrants Finally related legal issues are analyzed among them the lawfulness of coercive interrogation under international law and attempts to allow torture only after the fact for instance by applying the criminal law defence of necessity A minimal absolutist view under which torture whether by private individuals or by state officials must be prohibited absolutely in law policy and practice and allowing no exceptions for ticking bomb situations is defended throughout A Companion to Political Philosophy. Methods, Tools, Topics Antonella Besussi, 2016-03-23 This book offers a comprehensive overview of the key concepts and issues of contemporary political philosophy providing an essential reference work for scholars and advanced students It is structured in three parts covering methodological issues tools and argumentative strategies employed by political philosophy and concepts and topics key to the discipline Expert authors from around the world have written twenty chapters in a consistent and engaging style Each chapter is thoroughly cross referenced allowing students to appreciate how methodological issues relate to each other and how methodology and argumentative tools affect the way substantial issues are addressed The chapters are supplemented by further reading lists and selected bibliographies to aid further research The companion will be required reading for masters and post doctoral students providing them with the appropriate tools for approaching political philosophy in a more thoughtful way and showing how substantive topics are addressed within different perspectives and paradigms The companion also provides upper level undergraduates with a sophisticated introduction to the relevant problems and challenges political philosophy addresses The Ethics of Destruction Ward Thomas, 2014-06-14 Many assume that in international politics and especially in war anything goes Sherman famously declared war is all hell The implication behind the maxim is that in war there is no order only chaos no mercy only cruelty no restraint only suffering Ward Thomas finds that this anything goes view is demonstrably wrong It neither reflects how most people talk about the use of force in international relations nor describes the way national leaders actually use military force Events such as those in Europe during World War II in the Persian Gulf War and in Kosovo cannot be understood he argues until we realize that state behavior even during wartime is shaped by common understandings about what is ethically acceptable and unacceptable Thomas makes extensive use of two cases the assassination of foreign leaders and the aerial bombardment of civilians to

trace the relative influence of norms and interests His insistence on interconnections between ethical principle and material power leads to a revised understanding of the role of normative factors in foreign policy and the ways in which power and interest shape the international system **Terror from the Sky** Igor Primoratz,2010 This is an interesting informative and important work Overall the quality of the essays is very high and the focus of the book is on a topic of great importance Stephen Nathanson Northeastern University **Conscience, Leadership and the Problem of 'Dirty Hands'** Sandra Lynch,Matthew Beard,2015-07-28 This volume contains a selection of papers from the 21st AAPAE Conference addressing the theme of Political Leadership Professional Ethics and the Problem of Dirty Hands Discussions include medical ethics military ethics domestic political matters and the very nature of professions Fear Itself Ira Katznelson,2013-02-25 A powerful argument swept along by Katznelson s robust prose and the imposing scholarship that lies behind it Kevin Boyle New York Times Book Review A work that deeply reconceptualizes the New Deal and raises countless provocative questions David Kennedy Fear Itself changes the ground rules for our understanding of this pivotal era in American history Ira Katznelson examines the New Deal through the lens of a pervasive almost existential fear that gripped a world defined by the collapse of capitalism and the rise of competing dictatorships as well as a fear created by the ruinous racial divisions in American society Katznelson argues that American democracy was both saved and distorted by a Faustian collaboration that guarded racial segregation as it built a new national state to manage capitalism and assert global power Fear Itself charts the creation of the modern American state and how a belief in the common good gave way to a central government dominated by interest group politics and obsessed with national security Louis Menand The New Yorker *Focus On: 100 Most Popular Former Roman Catholics* Wikipedia contributors,

Conscience And Power An Examination Of Dirty Hands And Political Leadership Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Conscience And Power An Examination Of Dirty Hands And Political Leadership free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Conscience And Power An Examination Of Dirty Hands And Political Leadership free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic.

While downloading Conscience And Power An Examination Of Dirty Hands And Political Leadership free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Conscience And Power An Examination Of Dirty Hands And Political Leadership. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Conscience And Power An Examination Of Dirty Hands And Political Leadership any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Conscience And Power An Examination Of Dirty Hands And Political Leadership Books
