Screenplay Story Analysis Asher Garfinkel, 2010-06-29 Sometimes it seems like everybody's writing a screenplay. But who reads those screenplays? Professional story analysts that's who. Screenplay Story Analysis explains exactly how to become a professional story analyst. Along with a basic how-to on writing a story analysis or coverage, this book explains the techniques and thought processes involved in reading and evaluating a screenplay. Get familiar with terms, techniques, and general story elements. Master standard coverage format and content. Find guidelines for practicing coverage and getting work as a professional story analyst. With a foreword by Craig Perry, producer of *American Pie*, *Final Destination*, and other successful movies, and quotes from industry pros from top entertainment companies including ABC and Paramount Pictures, this is the essential guide for breaking into the business. Allworth Press, an imprint of Skyhorse Publishing, publishes a broad range of books on the visual and performing arts, with emphasis on the business of art. Our titles cover subjects such as graphic design, theater, branding, fine art, photography, interior design, writing, acting, film, how to start careers, business, and legal forms, business practices, and more. While we don't aspire to publish a New York Times bestseller or a national bestseller, we are deeply committed to quality books that help creative professionals succeed and thrive. We often publish in areas overlooked by other publishers and welcome the author whose expertise can help our audience of readers.
