Conflict Prevention The Untapped Potential Of The Business Sector:

Conflict prevention : the untapped potential of the business sector Andreas Wenger, Daniel Möckli, 2003

Conflict Prevention Andreas Wenger, Daniel Möckli, 2003 Offering a new perspective the authors show how efforts to prevent violent civil wars could be much more effective if they incorporate the business sector Business, Conflict Resolution and Peacebuilding Derek Sweetman, 2009-05-15 Business Conflict Resolution and Peacebuilding examines the actions currently being taken by businesses in areas of violent conflict around the world and explores how they can make a significant contribution to the resolution of violent conflicts through business based peacebuilding This book combines two approaches to provide a comprehensive look at the current state and future of business based peacebuilding It marries a detailed study of documented peacebuilding activities with a map of the possibilities for future business related conflict work and pragmatic suggestions for business leaders conflict resolution practitioners and peacebuilding organizations The use of the label business based peacebuilding is new and signifies actions business can take beyond simple legal compliance or making changes to avoid creating a conflict Although business based peacebuilding is new examples are included from around the world to illustrate that working together businesses have a strong contribution to make to the creation of peaceful societies The book advocates pragmatic peacebuilding which is not overly concerned with cause driven models of conflict Instead pragmatic peacebuilding encourages an examination of what is needed in the conflict and what can be provided This approach is free of some of the ideological baggage of traditional peacebuilding and allows for a much wider range of participants in the peacebuilding project This book will be of much interest to students of peace studies conflict resolution international security and business studies as well as to practitioners and business leaders Derek Sweetman is Dispute Resolution Director for Better Business Bureau in Washington DC and Instructor at New Century College George Mason University USA Regulating Business for Peace Jolyon Ford, 2015-02-05 The first book to study how peace operations have engaged with business to influence its peace building impact in fragile and conflict affected societies

Business and Security Alyson J. K. Bailes, Isabel Frommelt, 2004 Bringing together a variety of experts in business government and international organizations this is a major new evaluation of the growing interdependence of the private and public sectors in tackling present day security challenges

Russian Business Power Andreas Wenger, Robert Orttung, Jeronim Perovic, 2006-10-03 Since the collapse of the Soviet Union Russia has developed a powerful business community and a potent network of transnational organized groups Russian Business Power explores the powerful impact these new actors are having on the evolution of the Russian state and its foreign behaviour Unlike other books which focus either on Russia's foreign and security policy or on the evolution of Russian business legal and illegal within the context of Russia's domestic transition this book considers how far Russia's foreign and security policy is shaped by business It considers a wide range of issues including energy the arms trade international drug flows and human trafficking and

examines the impact of Russian business in Russia's dealings with Western and Eastern Europe the Caspian the Caucasus and the Far East *Companies in Peace Processes* Ulrike Joras, 2015-07-15 The role of private companies in violent conflicts has gained increasingly more attention in recent years Although the private sector is often associated with sustaining conflicts companies are also assumed to be self interested as well as able to support the prevention settlement and transformation of violent conflicts This book explores the role of the private business sector during the civil war and the peace process in Guatemala It examines and analyses the corporate positions during this period aiming to add to a better understanding on the potentials and limits of integrating private business actors in conflict transformation *The Oxford Handbook of Governance and Limited Statehood* Thomas Risse, Tanja A. Börzel, Anke Draude, 2018 Unpacking the major debates this Oxford Handbook brings together leading authors of the field to provide a state of the art guide to governance in areas of limited statehood where state authorities lack the capacity to implement and enforce central decision and or to uphold the monopoly over the means of violence While areas of limited statehood can be found everywhere not just in the global South they are neither ungoverned nor ungovernable Rather a variety of actors maintain public order and safety as well as provide public goods and services While external state governors and their interventions in the global South have received special scholarly attention various non state actors from NGOs to business to violent armed groups have emerged that also engage in governance This evidence holds for diverse policy fields and historical cases The Handbook gives a comprehensive picture of the varieties of governance in areas of limited statehood from interdisciplinary perspectives including political science geography history law and economics 29 chapters review the academic scholarship and explore the conditions of effective and legitimate governance in areas of limited statehood as well as its implications for world politics in the twenty first century The authors examine theoretical and methodological approaches as well as historical and spatial dimensions of areas of limited statehood and deal with the various governors as well as their modes of governance They cover a variety of issue areas and explore the implications for the international legal order for normative theory and for policies toward areas of limited statehood **Researching Non-state Actors in International Security** Andreas Kruck, Andrea Schmeiker, 2017-04-28 This volume provides researchers and students with a discussion of a broad range of methods and their practical application to the study of non state actors in international security All researchers face the same challenge not only must they identify a suitable method for analysing their research question they must also apply it This volume prepares students and scholars for the key challenges they confront when using social science methods in their own research To bridge the gap between knowing methods and actually employing them the book not only introduces a broad range of interpretive and explanatory methods it also discusses their practical application Contributors reflect on how they have used methods or combinations of methods such as narrative analysis interviews qualitative comparative analysis QCA case studies experiments or participant observation in their own research on non state actors in international security

Moreover experts on the relevant methods discuss these applications as well as the merits and limitations of the various methods in use Research on non state actors in international security provides ample challenges and opportunities to probe different methodological approaches It is thus particularly instructive for students and scholars seeking insights on how to best use particular methods for their research projects in International Relations IR security studies and neighbouring disciplines It also offers an innovative laboratory for developing new research techniques and engaging in unconventional combinations of methods This book will be of much interest to students of non state security actors such as private military and security companies research methods security studies and International Relations in general The Open Access version of this book available at <https://www.routledge.com/Researching+Non+state+Actors+in+International+Security+Theory+and+Practice/Kruck+Schneiker/p/book/9780367141561> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

New Thinking about the Taiwan Issue Jean-Marc F. Blanchard, Dennis V. Hickey, 2012-06-12

The Taiwan question has long been considered one of the most complicated and explosive issues in global politics In recent years however relations between Taiwan and the Chinese mainland have improved substantially to the surprise of many In this ground breaking collection distinguished contributors from the US Asia and Europe seek to go beyond the standard recitation of facts that often characterizes studies focusing on the Beijing Taipei dyad Rather they employ a variety of theories as well as both quantitative and qualitative methodologies to analyze the ebbs and flows of the Taiwan issue Their discussions clearly illuminate why there is a Taiwan Problem why conflict did not escalate to war between 2000 and 2008 and why cross Strait relations improved after 2008 The book further reveals the limits of realism as a device to gain traction into the Taiwan issue demonstrates the importance of taking into account domestic political variables and shows how theory can be used to advance the cause of better China Taiwan relations and to analyze the potential for future conflict over Taiwan

New Thinking about the Taiwan Issue is essential reading not only for students scholars and practitioners with an interest in studying relations across the Taiwan Strait but also for any reader interested in economics international relations comparative politics or political theory
