Congo 1964 Developing Dinformation Socio Politiques:

American Foreign Policy in the Congo 1960-1964 Stephen R. Weissman, 2019-06-30 This book offers a forthright and discerning evaluation of American foreign policy and its impact on the political system of an important Third World country. After assessing the situation in the Congo when independence was achieved in 1960, Mr. Weissman compares the policies of the Eisenhower, Kennedy, and Johnson administrations. He throws new light on such questions as the role of the United States in the overthrow of Patrice Lumumba, the UN action in Katanga, and the repression of the 1964 rebellions. Weighing various influences—economic, administrative, congressional, international—on U.S. policy, he concludes that the major factor was ideological. American actions, he maintains, were based on certain mistaken assumptions that were held in common by key American decision makers whose backgrounds and training blinded them to the realities of Congolese life. Based on extensive research, including interviews with nearly all important figures who contributed to the making of American policy, this book effectively challenges some fashionable interpretations of the causes and results of American intervention in the Third World.

Congo 1964 Jules Gerard-Libois, Benoit Verhaegen, 2015-12-08 This is the sixth in an annual series of Congolese documents that have been compiled, but this is the first time that they are available in French with an English introduction. Originally published in 1966, The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905. *Traditional Religion and Guerrilla Warfare in Modern Africa* S. Weigert, 1995-11-27 This study examines a political-military tradition in sub-Saharan Africa which has survived colonialism as well as the Cold War. Five modern African insurgencies are evaluated: Madagascar 1947, Kenya Mau Mau 1952-63, Cameroon UPC 1955-70, Congo Zaire Kwilu 1964-8, and Mozambique RENAMO 1977-92. These case studies demonstrate a persistent link between traditional African religion and contemporary nationalist movements whose political as well as military significance has frequently been underestimated and often misunderstood. **Disconsolate Empires** Alain Rouvez, 1994 This book provides a timely and comprehensive analysis of how three European powers have retained or mutated their levers of influence in their former African colonies since the latter gained independence in the 1960s. Thirty years of complex political and military relationships involving France, Britain, and Belgium and their former colonies are examined in this thought-provoking study, the lessons of which are increasingly relevant to the understanding of Euro-African affairs. **Dragon Operations** Thomas Paul Odom, 1988 For the Belgian Paracommando Regiment, the Congo was a familiar though often hostile environment. For most of the officers and sergeants of the regiment, the fields, buildings, and river below were as familiar as the Belgian landscape. But for most of the 340 enlisted men drifting in the sky over the airfield, the Congo

was an unknown menace outside their military experience Most of these paras were young draftees to whom the Congo represented a closed chapter in Belgium s colonial history Yet even with the experience of its senior leadership the Belgian Paracommandos faced a severe test on this early spring morning The young paras and their seasoned leaders were conducting the first international hostage rescue in the post World War II era The challenge was enormous the risks staggering the Paracommandos were jumping into a perilous den of uncertainty Stanleyville was at the heart of the Simba Rebellion and the scene of the growing desperation Faced with a government ground assault the Simba leaders had taken several thousand non Congolese hostages to guard against what appeared to be imminent defeat Keywords Military operations

Human Conflict from Neanderthals to the Samburu: Structure and Agency in Webs of Violence

William P. Kiblinger,2020-10-20 This book examines human conflict throughout history the reasons behind the struggles and why it persists The volume delves into the causes of human conflict and what can be done about them Based on detailed descriptions that support insightful interpretations the book explores significant historical events in the course of human history By pursuing a web of violence approach it raises and answers questions about the sources of conflict and how it may or may not be resolved through investigations into human agency and practice It evaluates lessons learned concerning human conflict violence and warfare To illustrate these lessons the book presents a broad geographical and temporal set of data including research on the time of Neanderthals in Europe 20 30 thousand years ago the Late Neolithic civilization on the Mediterranean 6 8 thousand years ago medieval Ireland contemporary history of the Western Dani peoples of West Papua and finally recent issues in Brazil Congo and Kenya
