Night Sweats: An Unexpected Pregnancy Laura Crossett,2013 Almost half the pregnancies that occur in the United States each year are unplanned Some of them happen to married women some to unmarried some occur due to failure to use contraception some due to contraceptive failure In a political climate that polarizes around issues of sexuality and choice and

a popular culture that glamorizes pregnancy and fetishizes motherhood we rarely hear the stories of women who did not seek to become pregnant This is one of them Wanted - Bear Cubs for My Children Gary FingerCastle,2009-10-18 What do haunted furniture bear cubs and a skydiving baby have in common Answer Serial craigslist poster and parodist Gary FingerCastle Picture this Author and agitator Gary FingerCastle posts hundreds of mock advertisements on the popular website craigslist org and receives thousands of real life responses And because truth is stranger than fiction he learns that People will do anything for love like jumping into a lion pen and dressing up like a Christmas tree You can give anything away like haunted furniture torture racks and mummies You can purchase anything on the Internet like bear cubs and tattoos for children People will do anything for money like driving into walls at high speeds and starving themselves for five weeks straight This book is the hilarious and oftentimes horrifying collection that really makes you wonder are we all insane A Field Guide to Gay & Lesbian Chicago Kathie Bergquist,Robert McDonald,2006 The first and only book to give gay and lesbian travelers the inside scoop on gay friendly accommodations shopping sports recreation music theater dining and nightlife in the Windy City This chatty opinionated guide to gay life and culture is written by longtime gay neighborhood dwelling Chicagoans for residents and visitors Photos *Craigslist Confessional* Helena Dea Bala,2020-07-07 Touching The New York Times For fans of Humans of New York and PostSecret a collection of raw urgent and heartfelt stories shared anonymously Helena Dea Bala was an exhausted and isolated DC lobbyist suffocating under the weight of her student loan debt when she decided to split her lunch with a man who often panhandled near her office They chatted effortlessly as they ate there were no half truths or white lies and no fear of judgment Helena felt connected and unburdened in a way she hadn't in years Inspired she posted an ad on Craigslist promising to listen anonymously and for free to whatever the speaker felt he or she couldn't tell anyone else Emails from people desperate to connect flooded her inbox and she listened Within months Helena quit her job deferred her loans and dove into listening full time The forty first person confessions in this book are vivid intimate and real they range from devastating traumas to lost loves to reflections on hard choices Some accounts are quotidian like that of one increasingly estranged husband I want to feel that we're not just roommates that we're not just waiting for the kids to grow up so that we can move on Others are deeply disconcerting like that of a sex addict employed by a religious organization and several are heartening like that of a mother who dares to hope that her daughter born with life threatening heart defects will one day walk down the aisle Sometimes you need to have the audacity to believe that it will all be okay that it is okay to have the same kinds of dreams as everyone else In its complex portrayal of the common human experience Craigslist Confessional challenges us to explore the depths of our vulnerability and expand the borders of our empathy **An Internet for the People** Jessa Lingel,2022-06-14 How craigslist champions openness democracy and other vanishing principles of the early web Begun by Craig Newmark as an e mail to some friends about cool events happening around San Francisco craigslist is now the leading classifieds service on the planet It is also a throwback to the early internet

The website has barely seen an upgrade since it launched in 1996 There are no banner ads The company doesn't profit off your data An Internet for the People explores how people use craigslist to buy and sell find work and find love and reveals why craigslist is becoming a lonely outpost in an increasingly corporatized web Drawing on interviews with craigslist insiders and ordinary users Jessa Lingel looks at the site's history and values showing how it has mostly stayed the same while the web around it has become more commercial and far less open She examines craigslist's legal history describing the company's courtroom battles over issues of freedom of expression and data privacy and explains the importance of locality in the social relationships fostered by the site More than an online garage sale job board or dating site craigslist holds vital lessons for the rest of the web It is a website that values user privacy over profits ease of use over slick design and an ethos of the early web that might just hold the key to a more open transparent and democratic internet **Labor of Love** Moira Weigel, 2016-05-17

An occasionally amusing and often provocative look at the work of wooing A lively tour of changing romantic mores The Economist Does anyone date anymore Today the authorities tell us that courtship is in crisis But when Moira Weigel dives into the history of sex and romance in modern America she discovers that authorities have always said this Ever since young men and women started to go out together older generations have scolded them That's not the way to find true love The first women who made dates with strangers were often arrested for prostitution long before hookup culture there were petting parties before parents worried about cell phone apps they fretted about joyrides and parking Dating is always dying But this does not mean that love is dead It simply changes with the economy Dating is and always has been tied to work Lines like I'll pick you up at six made sense at a time when people had jobs that started and ended at fixed hours But in an age of contract work and flextime many of us have become sexual freelancers more likely to text a partner still up Weaving together over one hundred years of history with scenes from the contemporary landscape Labor of Love offers a fresh feminist perspective on how we came to date the ways we do This isn't a guide to getting the guy There are no ridiculous rules to follow Instead Weigel helps us understand how looking for love shapes who we are and hopefully leads us closer to the happy ending that dating promises *Chemistry and Numbers* Steve Monas, 2006-11-22

Chemistry and Numbers is the definitive guide to Online Dating and Relationship sites This book reviews some of the most popular and successful online dating sites helping you make an informed decision A step by step fully illustrated guide on signing up to making the first impression Your True Love Is Just A Click Away You are living in California and your soulmate lives in Nebraska Do you believe that you'll meet them at the corner bar The dating scene is changing every day and online dating websites have opened up singles to a whole new world of dating opportunities Never before has true love been found from around the corner to half a world away As you are reading this millions of eligible men and women are online looking for their Mr or Mrs Right but with so many online dating sites and choices it can be very hard to find the right one for you Some of the 20 sites that are reviewed and shown with Step by Step Picture Instructions include Match eHarmony True Chemistry American Singles Lava Life Craigslist and

more Why Did You Create An Online Dating Profile I created an online dating profile to meet new people and to jump start my dating life I moved to a new city after college and prior to posting online I struggled to find men that I was interested in dating As is the case for many young professionals there s scant opportunity to meet the right person unless you have a vast social network so my profile was meant to expand my search wider and include people I wouldn t meet in my everyday travels between work at a very small company the gym and my grad school classes The internet provided an efficient convenient way Also view BestInternetDatingStories com Marina Girl Heather Joy Hampton,2011-04-29 Olivia Michaels knew she was embarking on an adventure when she moved to San Francisco but she had no idea her address would label her a social pariah commonly referred to as a Marina girl The Marina girl is a stereotype of a preppy generic young woman who lives in the tiny neighborhood known as the Marina You need to know about the history of the Marina to understand how and why the Marina girl developed into the albatross of San Francisco After the 1906 earthquake the city pushed all the ashes and rubble north down the steep hills of Pacific Heights creating a landfill adjacent to a former pasture that later became the Cow Hollow neighborhood Hundreds of Mediterranean style homes were constructed in the 1920s on land that jiggled better than Bill Cosbys Jell O when the 1989 earthquake hit Most of the longtime residents moved away leaving yuppie youngsters perhaps less aware of their own mortality to take over the neighborhood Twenty years later the Marina is the playground for San Franciscos worst nightmare otherwise known as the Marina girl **Search Engine Optimization** Kristopher B.
