Postcolonial Memoir in the Middle East Norbert Bugeja, 2012-11-27 This book reconsiders the notion of liminality in postcolonial critical discourse today By visiting Mashriqi writers of memoir Bugeja offers a unique intervention in the understanding of in-between and threshold states in present-day postcolonialist thought His analysis situates liminal space as a fraught form of consciousness that mediates between conditions of historical contingency and the memorializing present Within the present Mashriqi memoir form liminal spaces may be read as articulations of representational spaces narrative spaces that based as they are within the histories of local communities are nonetheless redolent with memorial and imaginary elements Liminal consciousness today Bugeja argues is a direct consequence of the impact of volatile present-day memories on the re-conception of the open wounds of history Incisive readings of life writings by Mourid Barghouti Amin Maalouf Orhan Pamuk Amos Oz and Wadad Makdisi Cortas demonstrate the double-edged representational chasm that opens up when present acts of memorializing are brought to bear upon the elusive histories of the early twentieth-century Mashriqi Sifting through the wide-ranging theoretical literature on liminality and challenging received views of the concept this book proposes a nuanced materialist and original rethinking of the liminal as a more vigilant outlook onto the political literary and historical predicaments of the contemporary Middle East

Family Conscience John D. Barbour, 2025-06-17 This memoir explores the role of conscience in four generations during a century of family history It begins with the suicide of Barbour's maternal grandfather and the impact of this traumatic event Later chapters describe his interactions with other grandparents parents two uncles siblings a former spouse and two sons Family Conscience depicts the values and patterns of self-assessment that members of this family share and also the ways their differing moral views have been influenced by interactions with one another Barbour interprets how he and family members have understood work and vocation religious commitments political and economic values choices about marriage and raising children conflicts within the family and other situations and issues This thematic family memoir blends the genres of biography oral interview autobiography essay and cultural history as Barbour depicts how conscience was transmitted and transformed through the generations

Zero Fail Carol Leonnig, 2021-05-18 NEW YORK TIMES BESTSELLER The first definitive account of the rise and fall of the Secret Service from the Kennedy assassination to the alarming lapses of the Obama and Trump years from Pulitzer Prize-winning journalist Carol Leonnig This book is a wake-up call and a valuable study of a critically important agency The New York Times A WASHINGTON POST BEST BOOK OF THE YEAR Carol Leonnig reported on the Secret Service for nearly a decade bringing to light the secrets scandals and shortcomings that plague the agency today from a toxic workplace culture to

dangerously outdated equipment to the deep resentment within the ranks at key agency leaders who put protecting the agency's once hallowed image before fixing its flaws. The Secret Service was born in 1865 in the wake of the assassination of Abraham Lincoln but its story begins in earnest in 1963 with the death of John F. Kennedy. Shocked into reform by its failure to protect the president on that fateful day in Dallas, this once sleepy agency was radically transformed into an elite, highly trained unit that would redeem itself several times, most famously in 1981 by thwarting an assassination attempt against Ronald Reagan. But by Barack Obama's presidency, the once proud Secret Service was running on fumes and beset by mismanagement and mistakes in judgement: break-ins at the White House, an armed gunman firing into the windows of the residence while confused agents stood by, and a massive prostitution scandal among agents in Cartagena, to name just a few. With Donald Trump's arrival, a series of promised reforms were cast aside as a president disdainful of public service instead abused the Secret Service to rack up political and personal gains. To explore these problems in the ranks, Leonnig interviewed dozens of current and former agents, government officials, and whistleblowers who put their jobs on the line to speak out about a hobbled agency that is in desperate need of reform. Lipstick and Thongs in the Loony Bin Courtney A.

Walsh, 2007-10-01 Beginning with a botched suicide attempt, Lipstick and Thongs in the Loony Bin takes the reader on a journey that is at once inspiring, haunting, heartfelt, and hilarious. From life at a mental hospital and the colorful cast of fellow bin mates to the horrors of insomniac night terrors and modern-day electroshock therapy, Walsh uses dark humor and her unstoppable personality to explore the absurdities of the mental illness realm. The Routledge

Companion to Experimental Literature Joe Bray, Alison Gibbons, Brian McHale, 2012-07-26 What is experimental literature? How has experimentation affected the course of literary history, and how is it shaping literary expression today? Literary experiment has always been diverse and challenging, but never more so than in our age of digital media and social networking, when the very category of the literary is coming under intense pressure. How will literature reconfigure itself in the future? The Routledge Companion to Experimental Literature maps this expansive and multifaceted field with essays on the history of literary experiment from the beginning of the twentieth century to the present, the impact of new media on literature, including multimodal literature, digital fiction, and code poetry; the development of experimental genres from graphic narratives and found poetry through to gaming and interactive fiction; experimental movements from Futurism and Surrealism to Postmodernism, Avant Pop, and Flarf. Shedding new light on often critically neglected terrain, the contributors introduce this vibrant area, define its current state, and offer exciting new perspectives on its future. This volume is the ideal introduction for those approaching the study of experimental literature for the first time or looking to further their knowledge.
