

Confucianism And Women Confucianism And Women

Youngmin Kim, Michael J. Pettid

Confucianism And Women Confucianism And Women:

Confucianism and Women Li-Hsiang Lisa Rosenlee, 2007-06-01 Challenges accepted beliefs that Confucianism is a cause of women's oppression and explores Confucianism as an ethical system compatible with gender parity **Feminist Encounters with Confucius** Mathew Foust, Sor-Hoon Tan, 2016-10-11 This work builds on earlier works which defend Confucianism against charges of sexism and present interpretations of Confucianism compatible with Feminism but contributors go beyond the much discussed care ethics and common arguments of how ren humaneness can ground an egalitarian humanism that include gender equality Besides ethics and political philosophy topics this volume includes discussions in other philosophical areas such as epistemology metaphysics and applied philosophy Through the encounter of Feminism and Confucius's perspectives each contributor generates novel answers to the questions addressed In some cases authors raise new questions about the chosen topic inadequacies in how it has been addressed in previous Confucian or Feminist discourse and or challenges for either or both Confucianism and Feminism Confucianism and Women Li-Hsiang Lisa Rosenlee, 2012-02-01 Confucianism and Women argues that Confucian philosophy often criticized as misogynistic and patriarchal is not inherently sexist Although historically bound up with oppressive practices Confucianism contains much that can promote an ethic of gender parity Attacks on Confucianism for gender oppression have marked China's modern period beginning with the May Fourth Movement of 1919 and reaching prominence during the Cultural Revolution of the 1960s and 1970s The West has also readily characterized Confucianism as a foundation of Chinese women's oppression Author Li Hsiang Lisa Rosenlee challenges readers to consider the culture within which Confucianism has functioned and to explore what Confucian thought might mean for women and feminism She begins the work by clarifying the intellectual tradition of Confucianism and discussing the importance of the Confucian cultural categories yin yang and nei wai inner outer for gender ethics In addition the Chinese tradition of biographies of virtuous women and books of instruction by and for women is shown to provide a Confucian construction of gender Practices such as widow chastity footbinding and concubinage are discussed in light of Confucian ethics and Chinese history Ultimately Rosenlee lays a foundation for a future construction of Confucian feminism as an alternative ethical ground for women's liberation Women and Confucian Cultures in Premodern China, Korea, and Japan Dorothy Ko, JaHyun Kim Haboush, Joan R. Piggott, 2003-08-28 This book rewrites the history of East Asia by rethinking the contentious relationship between Confucianisms and women *The Sage and the Second Sex* Chenyang Li, 2000 This volume offers new insights into the role of women in ancient China their important contributions to society and their pursuit of personal growth and fulfillment The position that Confucianism may actually foster gender equity is particularly interesting in discussions of whether the Confucian worldview is degrading or repressive toward women **Women and Confucianism in Choson Korea** Youngmin Kim, Michael J. Pettid, 2011-11-01 A new multifaceted look at Korean women during a period of strong Confucian ideology *Women and Confucianism in Chosŏn Korea* Youngmin

Kim, Michael J. Pettid, 2011-11-01 This volume offers a fresh multifaceted exploration of women and Confucianism in mid to late Chosŏn Korea mid sixteenth to early twentieth century Using primary sources and perspectives from social history intellectual history literature and political thought contributors challenge unitary views of Confucianism as a system of thought of women as a group and of the relationship between the two Much earlier scholarship has focused on how women were oppressed under the strict patriarchal systems that emerged as Confucianism became the dominant social ideology during the Chosŏn dynasty 1392 1910 Contributors to this volume bring to light the varied ways that diverse women actually lived during this era from elite yangban women to women who were enslaved Women are shown to have used various strategies to seek status economic rights and more comfortable spaces with some women even emerging as Confucian intellectuals and exemplars

Under Confucian Eyes Susan Mann, Yu-Yin Cheng, 2001-10-20 This important volume adds a significant number of new and unique materials for teachers at all levels of higher education to use in classroom and seminar discussion about the issues of gender society and religion in imperial China Benjamin Elman author of *A Cultural History of Civil Examinations in Late Imperial China* The eighteen primary documents in this anthology all of them translated for the first time provide a rich array of sources on the lives of women in China's past The anthology is important not only for the selection of documents but for the ways it suggests we can think about and find sources about women in China It is must reading for scholars and students alike Ann Waltner author of *The World of a Late Ming Visionary* Tan Yang Tzu and *Her Followers*

Reconceiving Women's Equality in China Lijun Yuan, 2005-01-01 According to the author the subordination of Chinese women continued under different models of sex equality in China in twentieth century In *Reconceiving Women's Equality in China* Lijun Yuan discusses and assesses four models of women's equality first the traditional Confucian view of women which advocates that women's role is to follow and support men second the liberal feminist idea of formal equality for women introduced into China at the beginning of the twentieth century which is anti Confucian and advocates women's equal rights in education law and employment third Mao's view of women's equality in production calling for substantive equality between men and women finally the idea of equal opportunity in the economic transformation in the post Mao period the revival of Confucianism in this period and its convergence with the declining status of women According to Yuan each of these models has a variety of problems in dealing with women's equality However she sees one common thread running through all of them namely lack of emphasis on empowering women to develop their own visions of equality Ideologies imposed from the top down have rationalized the continuing subordination and exploitation of women either blatantly Confucianism or more subtly Maoism After exposing the common feature in their failure to reach the social ideal of women's equality the author proposes a more democratic conception of women's equality that will allow ideals to continue changing as material circumstances change in different stages of social development This book is a seminal work of research on the status of women in China during and after Mao's cultural revolution It is essential to studies of Chinese society politics and

religion as well as to women's studies and philosophy Remaking China's Public Philosophy and Chinese Women's Liberation Jinghao Zhou, 2006 Views women's liberation as a comprehensive project and part of the process of China's democratization by using the prism of public philosophy to examine Chinese women's liberation in a global context
